Feb. 26, 1982

[S.J. Res. 134]

To designate 1982 as the "National Year of Disabled Persons".

Whereas the designation by the United Nations of 1981 as the International Year of Disabled Persons has stimulated new progress toward achieving the full participation in national and community life of the thirty-five million Americans who have disabilities;

Whereas such progress has depended upon the initiative and resources of individuals and organizations in all sectors of American society who have worked in partnership with disabled persons;

Whereas such partnership has contributed substantially toward improving the lives of disabled Americans;

Whereas further additional action is required to increase public understanding of the unfulfilled needs and potential contributions of disabled persons; and

Whereas further progress should be made in the United States toward achieving the following long-term goals of and for disabled persons promoted during the International Year of Disabled Persons: (1) expanded educational opportunity; (2) improved access to housing, buildings, and transportation; (3) expanded employment opportunity; (4) expanded participation in recreational, social, and cultural activities; (5) expanded and strengthened rehabilitation programs and facilities; (6) purposeful application of biomedical research aimed at conquering major disabling conditions; (7) reduction in the incidence of disability by expanded accident and disease prevention; (8) expanded application of technology to minimize the effects of disability; and (9) expanded international exchange of information and experience to benefit all disabled persons; and

Mar. 10, 1982

[S.J. Res. 142]

Whereas Afghanistan, more than two years after the Soviet invasion, remains a nation occupied and terrorized by over eighty thousand Soviet troops;

Whereas the continued Soviet occupation of Afghanistan is causing enormous suffering among the people of Afghanistan, as well as the deprivation of their basic right of national sovereignty;

Whereas over two and one-half million people of Afghanistan, constituting more than 15 per centum of the country's population, have fled the Soviet occupation and are now refugees in Pakistan and other neighboring countries;

Whereas the Soviet invasion of Afghanistan undermines the spirit and intention of the Declaration of Principles of the Final Act of the Conference on Security and Cooperation in Europe, which the Union of Soviet Socialist Republics signed at Helsinki in 1975;

## Joint Resolution

Mar. 22, 1982  
[H.J. Res. 373]

Expressing the sense of Congress that the Government of the Soviet Union should respect the rights of its citizens to practice their religion and to emigrate, and that these matters should be among the issues raised at the thirty-eighth meeting of the United Nations Commission on Human Rights at Geneva in February 1982.

Whereas the Soviet authorities have mounted a triple assault on their Jewish community, (1) the number of Jews allowed to emigrate has been reduced from a high of four thousand seven hundred and forty-six in the month of October 1979 to a total of only nine thousand four hundred in all of 1981, the lowest number since emigration began, (2) frequent harassments, arrests, and trials have become an almost daily occurrence, and (3) unparalleled assaults on Jewish self-study groups occur in the major urban areas; and

Whereas such harassment and obstacles to free movement violate the obligations of the Soviet Union to respect the rights of freedom of thought, conscience, expression, religion, and emigration, as provided for in the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the Final Act of the Conference on Security and Cooperation in Europe at Helsinki, and the Constitution of the Union of Soviet Socialist Republics: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That it is the sense of the Congress that—

United Nations

Human Rights,

U.S. delegation.

(1) the President should instruct the United States delegation to the United Nations Commission on Human Rights meeting in Geneva in February 1982 to carry to the Commission the message that the Soviet Union should respect the rights of its citizens to practice their religion and to emigrate, should stop its harassments, arrests, and trials of the members of its Jewish community, and should stop its assaults on Jewish self-study groups;

(2) the Government of the Soviet Union should comply with its obligations under the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the Final Act of the Conference on Security and Cooperation in Europe at Helsinki, and the Constitution of the Union of Soviet Socialist Republics, by ceasing the indiscriminate arrests and trials of Jewish activists, by ending the assaults on Jewish self-study groups, and by opening its doors to those who wish to emigrate;

(3) the President should express to the Government of the Soviet Union the strong and continuing opposition of the United States to such harassment of its citizenry, and the obstacles it presents to those who wish to emigrate; and

(4) the President should reiterate to the Government of the Soviet Union that the United States, in evaluating its relations

with other nations, will consider the extent to which they honor their commitments under international law, particularly their commitments concerning human rights.

SEC. 2. The President shall transmit copies of this resolution to the Ambassador of the Soviet Union to the United States and to the Chairman of the Presidium of the Supreme Soviet.

Whereas the Netherlands became the first nation in 1776 to salute the flag of the new American Nation;

Whereas John Adams, first United States Minister to the Netherlands and second President of the United States, signed a mutually advantageous Treaty to Amity and Commerce with the Netherlands in the decisive year of 1782;

Whereas the Netherlands was the source of a series of needed loans starting in 1782, which eventually totaled the equivalent of \$12 million;

Whereas it is with the Netherlands that the United States has its longest peaceful and unbroken relationship;

Whereas the year 1982 will mark the two hundredth anniversary of the opening of diplomatic relations with the Netherlands;

Whereas these two centuries of official relations have been based on exemplary friendship, mutual trust and respect, and a perceived interest in practical forms of cooperation;

Apr. 3, 1982  
[H.J. Res. 272]

Whereas approximately forty million Americans, nearly one-fifth of our Nation's population, are afflicted with diabetes, heart conditions, epilepsy, allergies, or other medical problems the symptoms of which, in emergency situations, are difficult to detect or are not readily associated with such medical problems; and

Whereas many such Americans suffer avoidable injury or death each year because of the delay which is frequently involved in the proper diagnosis and treatment of such hidden medical problems in emergency situations; and

Whereas special emergency identification and information services are available which are designed with the needs of victims of such hidden medical conditions specifically in mind; and

Whereas these emergency identification and information systems have been credited with saving the lives of more than two thousand people afflicted by hidden medical conditions each year: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is authorized and requested to issue a proclamation designating April 4 through 10, 1982, "National Medic Alert Week", and calling upon the people of the United States and upon interested associations and organizations to observe such week with appropriate ceremonies and activities.*

Joint Resolution

Apr. 3, 1982  
[H.J. Res. 447]

To authorize and request the President to issue a proclamation designating April 4, 1982, as the "National Day of Reflection".

Whereas the Congress recognizes the historical tradition of ethical values and principles which are the basis of civilized society and upon which our great Nation was founded;

Whereas these ethical values and principles which, from the dawn of civilization when they were known as the Seven Noahide Laws, have been the bedrock of society without which the edifice of civilization stands in serious peril of returning to chaos;

Whereas society is presently profoundly concerned with the weakening of these principles that has resulted in crises that beleaguer and threaten the fabric of civilized society; and

Whereas the justified preoccupation with these crises must not let the citizens of this Nation lose sight of their responsibility of transmitting these historical ethical values from our distinguished past to the generations of the future, and need occasional reminder of this duty and privilege: Now, therefore, be it

National Day  
of Reflection.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That the President is authorized to issue a proclamation designating April 4, 1982, which this year coincides with the eightieth birthday of Rabbi Menachem Mendel Schneerson, universally respected and revered leader and head of the worldwide Lubavitch movement, who has done so much to foster and promote these ethical values and principles, as the "National Day of Reflection".

Providing for the designation of April 12, 1982, as "American Salute to Cabanatuan Prisoner of War Memorial Day".

Apr. 6, 1982  
[H.J. Res. 435]

Whereas April 9, 1982, is the fortieth anniversary of the fall of Bataan and Corregidor in the Philippines to the Japanese Imperial Army during World War II;

Whereas approximately thirty-six thousand Americans were captured by the Japanese at the fall;

Whereas these Americans, along with Filipinos captured by the Japanese, were forced to march without food and water for up to ten days on the Bataan Death March to Camp O'Donnell, a prisoner of war camp;

Whereas the International War Crimes Commission reports that ten thousand three hundred people, including women and children, died on that march;

Whereas the survivors of that march, along with other Americans and Filipinos captured by the Japanese in the Philippines, were taken to a prisoner of war camp in central Luzon named Cabanatuan;

Whereas the treatment of prisoners of war at Cabanatuan was extraordinarily cruel and inhumane and resulted in the death of over three thousand American prisoners of war during the period beginning May 1942 and ending February 1945;

Whereas the prisoners of war at Cabanatuan were liberated on September 2, 1945;

An Act

[S. 266]

To amend title 38, United States Code, to promote greater sharing of health-care resources between the Veterans' Administration and the Department of Defense and to direct the Secretary of Defense and the Administrator of Veterans' Affairs to plan for the provision of health care by the Veterans' Administration during periods of war or national emergency to members of the Armed Forces on active duty; and for other purposes.

38 USC 5011  
note.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Veterans' Administration and Department of Defense Health Resources Sharing and Emergency Operations Act".

SEC. 2. (a) The Congress makes the following findings:

(1) There are opportunities for greater sharing of the health-care resources of the Veterans' Administration and the Department of Defense which would, if achieved, be beneficial to both veterans and members of the Armed Forces and could result in reduced costs to the Government by minimizing duplication and underuse of health-care resources.

(2) Present incentives to encourage such sharing of health-care resources are inadequate.

(3) Such sharing of health-care resources can be achieved without a detrimental effect on the primary health-care beneficiaries of the Veterans' Administration and the Department of Defense.

(b) The Congress makes the following further findings:

(1) During and immediately after a period of war or national emergency involving the use of the Armed Forces of the United States in armed conflict, the Department of Defense might not have adequate health-care resources to care for military personnel wounded in combat and other active-duty military personnel.

(2) The Veterans' Administration has an extensive, comprehensive health-care system that could be used to assist the Department of Defense in caring for such personnel in such a situation.

SEC. 3. (a) Section 5011 of title 38, United States Code, is amended—

(1) by inserting "(a)" before "The Administrator" the first place it appears;

(2) by striking out "and material" and all that follows through "this title," and inserting in lieu thereof "material, and other resources as may be needed to operate such facilities properly, except that the Administrator may not enter into an agreement that would result (1) in a permanent reduction in the total number of authorized Veterans' Administration hospital beds and nursing home beds to a level below the minimum number of such beds required by section 5010(a)(1) of this title to be authorized, or (2) in a permanent reduction in the total number of such beds operated and maintained to a level

below the minimum number of such beds required by such section to be operated and maintained"; and

(3) by adding at the end the following new subsections:

"(b)(1) In order to promote the sharing of health-care resources between the Veterans' Administration and the Department of Defense (hereinafter in this section referred to as the 'agencies'), there is established an interagency committee to be known as the Veterans' Administration/Department of Defense Health-Care Resources Sharing Committee (hereinafter in this subsection referred to as the 'Committee').

Veterans' Administration/Department of Defense Health-Care Resources Sharing Committee. Establishment.

"(2) The Committee shall be composed of—

"(A) the Chief Medical Director and such other officers and employees of the Veterans' Administration as the Chief Medical Director may designate; and

"(B) the Assistant Secretary of Defense for Health Affairs (hereinafter in this section referred to as the 'Assistant Secretary') and such other officers and employees of the Department of Defense as the Assistant Secretary may designate, except that the size of the Committee shall be mutually determined by the Chief Medical Director and the Assistant Secretary. During fiscal years 1982 and 1983, the Chief Medical Director shall be the chairman of the Committee. During fiscal year 1984, the Assistant Secretary shall be the chairman of the Committee. Thereafter, the chairmanship of the Committee shall alternate each fiscal year between the Chief Medical Director and the Assistant Secretary. The agencies shall provide administrative support services for the Committee at a level sufficient for the efficient operation of the Committee and shall share the responsibility for the provision of such services on an equitable basis.

"(3) In order to enable the Committee to make recommendations under paragraph (4) of this subsection, the Committee shall on a continuing basis—

Duties.

"(A) review existing policies, procedures, and practices relating to the sharing of health-care resources between the agencies;

"(B) identify and assess further opportunities for the sharing of health-care resources between the agencies that would not, in the judgment of the Committee, adversely affect the range of services, the quality of care, or the established priorities for care provided by either agency;

"(C) identify changes in policies, procedures, and practices that would, in the judgment of the Committee, promote such sharing of health-care resources between the agencies;

"(D) monitor plans of the agencies for the acquisition of additional health-care resources, including the location of new facilities and the acquisition of major equipment, in order to assess the potential impact of such plans on further opportunities for such sharing of health-care resources; and

"(E) monitor the implementation of activities designed to promote the sharing of health-care resources between the agencies.

"(4) Within nine months of the date of the enactment of this subsection and at such times thereafter as the Committee considers appropriate, the Committee shall make recommendations to the Administrator or the Secretary of Defense, or both, with respect to (A) changes in policies, procedures, and practices that the Committee has identified under paragraph (3)(C) of this subsection pertain-

*seq.*

"(c)(1) After considering the recommendations made under subsection (b)(4) of this section, the Administrator and the Secretary of Defense shall jointly establish guidelines to promote the sharing of health-care resources between the agencies. Guidelines established under this subsection shall provide for such sharing consistent with the health-care responsibilities of the Veterans' Administration under this title and with the health-care responsibilities of the Department of Defense under chapter 55 of title 10 and so as not to adversely affect the range of services, the quality of care, or the established priorities for care provided by either agency.

"(2) Guidelines established under paragraph (1) of this subsection shall authorize the heads of individual medical facilities of the agencies to enter into health-care resources sharing agreements in accordance with subsection (d) of this section and shall include guidelines for such agreements.

Sharing  
agreements.

"(d)(1) The head of each medical facility of either agency is authorized to enter into sharing agreements with the heads of medical facilities of the other agency in accordance with guidelines established under subsection (c) of this section. Under any such agreement, an individual who is a primary beneficiary of one agency may be provided health care at a facility of the other agency that is a party to the sharing agreement.

"(2) Each such agreement shall identify the health-care resources to be shared.

"(3) Each such agreement shall provide, and shall specify procedures designed to ensure, that the availability of direct health care to individuals who are not primary beneficiaries of the providing agency (A) is on a referral basis from the facility of the other agency, and (B) does not (as determined by the head of the facility of the providing agency) adversely affect the range of services, the quality of care, or the established priorities for care provided to the primary beneficiaries of the providing agency.

Reimbursement.

"(4) Each such agreement shall provide that a providing agency shall be reimbursed for the cost of the health-care resources provided under the agreement and that the rate for such reimbursement shall be determined in accordance with the methodology agreed to pursuant to subsection (e) of this section.

Agreement  
proposals,  
submittal.

"(5) Each proposal for an agreement under paragraph (1) of this subsection shall be submitted to the Chief Medical Director and the Assistant Secretary and shall be effective as an agreement in accordance with its terms (A) on the forty-sixth day after the receipt of such proposal by both such officials, unless earlier disapproved by either such official, or (B) if earlier approved by both such officials, on the date of such approval.

Reimbursement  
methodology  
provisions.

"(e) Reimbursement under any sharing agreement entered into under subsection (d) of this section shall be based upon a methodology that is agreed upon by the Chief Medical Director and the Assistant Secretary and that provides appropriate flexibility to the heads of the facilities concerned to take into account local conditions and needs and the actual costs to the providing agency's facility of the health-care resources provided. Any funds received through such a reimbursement shall be credited to funds that have been allotted to the facility that provided the care or services.

“(f) At the time the President’s Budget is transmitted to Congress in any year pursuant to section 201(a) of the Budget and Accounting Act, 1921 (31 U.S.C. 11(a)), the Administrator and the Secretary of Defense shall submit a joint report to Congress on the implementation of this section during the fiscal year that ended during the previous calendar year. Each such report shall include—

Report to Congress.

“(3) any recommendation made under subsection (b)(4) of this section during such fiscal year;

“(4) a review of the sharing agreements entered into under subsection (d) of this section and a summary of activities under such agreements during such fiscal year;

“(5) a summary of other planning and activities involving either agency in connection with promoting the coordination and sharing of Federal health-care resources during the preceding fiscal year; and

“(6) such recommendations for legislation as the Administrator and the Secretary consider appropriate to facilitate the sharing of health-care resources between the agencies.

Whereas the people of the Baltic Republics of Lithuania, Latvia, and Estonia have cherished the principles of religious and political freedom and independence; and

Whereas the Baltic Republics have existed as independent, sovereign nations, belonging to and fully recognized by the League of Nations; and

Whereas the people of the Baltic Republics have individual and separate cultures, national traditions and languages, distinctly foreign to those of Russia; and

Whereas the Union of Soviet Socialist Republics (U.S.S.R.) in 1940 did illegally seize and occupy the Baltic Republics and by force incorporate them against their national will and contrary to their desire for independence and sovereignty into the U.S.S.R.; and

Whereas the U.S.S.R. since 1940 has systematically removed native Baltic peoples from their homelands by deporting them to Siberia and caused great masses of Russians to relocate in the Republics, thus threatening the Baltic cultures with extinction; and

Whereas the U.S.S.R. has imposed upon the captive people of the Baltic Republics an oppressive political system which has destroyed every vestige of democracy, civil liberties, and religious freedom; and

Whereas the people of Lithuania, Latvia, and Estonia find themselves today subjugated by the U.S.S.R., locked into a union they deplore, denied basic human rights, and persecuted for daring to protest; and

If such resources are unavailable within the circuit, the chief judge shall file a certificate of necessity in accordance with section 292(d) of title 28 of the United States Code.

[H.J. Res. 230]

Whereas the reputation of Doctor Semyon Gluzman as a physician of outstanding psychiatric medical ability spread throughout the Soviet Union to the consternation of Soviet leaders;

"National NCO/Petty Officer Week".

Whereas the noncommissioned officers and petty officers of the Army, Air Force, and Marine Corps and the petty officers of the Navy and the Coast Guard have been regarded as the backbone of the Armed Forces of the United States for more than two hundred years;

Whereas noncommissioned officers and petty officers continue to be the recruiters, trainers, and noncommissioned leaders of the men and women who join the Armed Forces of the United States; Whereas the noncommissioned officers' and petty officers' spirit and devotion to duty is epitomized in the long list of recipients of the Medal of Honor and other decorations of personal valor;

"(a) The term 'military construction' as used in this chapter or any other provision of law includes any construction, development, conversion, or extension of any kind carried out with respect to a military installation.

"(b) A military construction project includes all military construction work, or any contribution authorized by this chapter, necessary to produce a complete and usable facility or a complete and usable improvement to an existing facility (or to produce such portion of a complete and usable facility or improvement as is specifically authorized by law).

"(c) In this chapter:

“(1) ‘Facility’ means a building, structure, or other improvement to real property.

“(2) ‘Military installation’ means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense.

“(3) ‘Secretary concerned’ includes the Secretary of Defense with respect to matters concerning the defense agencies.

“(4) ‘Appropriate committees of Congress’ means the Committees on Armed Services and on Appropriations of the Senate and House of Representatives.

“(d) This chapter does not apply to the Coast Guard or to civil works projects of the Army Corps of Engineers.

#### “§ 2802. Military construction projects

“(a) The Secretary of Defense and the Secretaries of the military departments may carry out such military construction projects as are authorized by law.

“(b) Authority provided by law to carry out a military construction project includes authority for—

“(1) surveys and site preparation;

“(2) acquisition, conversion, rehabilitation, and installation of facilities;

“(3) acquisition and installation of equipment and appurtenances integral to the project;

“(4) acquisition and installation of supporting facilities (including utilities) and appurtenances incident to the project; and

“(5) planning, supervision, administration, and overhead incident to the project.

#### “§ 2803. Emergency construction

“(a) Subject to subsections (b) and (c), the Secretary concerned may carry out a military construction project not otherwise authorized by law if the Secretary determines (1) that the project is vital to the national security, and (2) that the requirement for the project is so urgent that deferral of the project for inclusion in the next Military Construction Authorization Act would be inconsistent with national security.

“(b) When a decision is made to carry out a military construction project under this section, the Secretary concerned shall submit a report in writing to the appropriate committees of Congress on that decision. Each such report shall include (1) the justification for the project and the current estimate of the cost of the project, (2) the justification for carrying out the project under this section, and (3) a statement of the source of the funds to be used to carry out the project. The project may then be carried out only after the end of the 21-day period beginning on the date the notification is received by such committees, or after each such committee has approved the project, if the committees approve the project before the end of that period.

“(c)(1) The maximum amount that the Secretary concerned may obligate in any fiscal year under this section is \$30,000,000.

“(2) A project carried out under this section shall be carried out within the total amount of funds appropriated for military construction that have not been obligated.

Report to congressional committees.

**“§ 2804. Contingency construction**

“(a) Within the amount appropriated for such purpose, the Secretary of Defense may carry out a military construction project not otherwise authorized by law, or may authorize the Secretary of a military department to carry out such a project, if the Secretary of Defense determines that deferral of the project for inclusion in the next Military Construction Authorization Act would be inconsistent with national security or national interest.

“(b) When a decision is made to carry out a military construction project under this section, the Secretary of Defense shall submit a report in writing to the appropriate committees of Congress on that decision. Each such report shall include (1) the justification for the project and the current estimate of the cost of the project, and (2) the justification for carrying out the project under this section. The project may then be carried out only after the end of the 21-day period beginning on the date the notification is received by such committees, or after each such committee has approved the project, if the committees approve the project before the end of that period.

Report to congressional committees.

**“§ 2805. Unspecified minor construction**

“(a) Within the amount authorized by law for such purpose, the Secretary concerned may carry out minor military construction projects not otherwise authorized by law. A minor military construction project is a military construction project (1) that is for a single undertaking at a military installation, and (2) that has an approved cost equal to or less than the amount specified by law as the maximum amount for a minor military construction project.

“(b)(1) A minor military construction project costing more than 50 percent of the amount specified by law as the maximum amount for a minor military construction project may not be carried out under this section unless approved in advance by the Secretary concerned.

“(2) When a decision is made to carry out a minor military construction project to which paragraph (1) is applicable, the Secretary concerned shall notify in writing the appropriate committees of Congress of that decision, of the justification for the project, and of the estimated cost of the project. The project may then be carried out only (A) after the end of the 21-day period beginning on the date the notification is received by the committees, or (B) after each such committee approves the project, if the committees approve the project before the end of that period.

Notification to congressional committees.

“(3) A project for the relocation of any activity from one installation to another that involves 25 or more full-time civilian employees of the Department of Defense but that is not subject to paragraph (1) may not be carried out under the authority of this section until the appropriate committees of Congress have been notified by the Secretary concerned of the intent to carry out such relocation under the authority of this section.

“(c) Only funds authorized for minor construction projects may be used to accomplish unspecified minor construction projects, except that the Secretary concerned may spend from appropriations available for operation and maintenance amounts necessary to carry out an unspecified military construction project costing not more than 20 percent of the amount specified by law as the maximum amount for a minor military construction project.

“(d) Military family housing projects for construction of new housing units may not be carried out under the authority of this section.

**“§ 2806. Contributions for North Atlantic Treaty Organization infrastructure**

“(a) Within amounts authorized by law for such purpose, the Secretary of Defense may make contributions for the United States share of the cost of multilateral programs for the acquisition and construction of military facilities and installations (including international military headquarters) for the collective defense of the North Atlantic Treaty Area.

“(b) Funds may not be obligated or expended in connection with the North Atlantic Treaty Organization Infrastructure program in any year unless such funds have been authorized by law for such program.

“(c)(1) The Secretary may make contributions in excess of the amount appropriated for contribution under subsection (a) if the amount of the contribution in excess of that amount does not exceed 200 percent of the amount specified by law as the maximum amount for a minor military construction project.

“(2) If the Secretary determines that the amount appropriated for contribution under subsection (a) in any fiscal year must be exceeded by more than the amount authorized under paragraph (1), the Secretary may make contributions in excess of such amount, but not in excess of 125 percent of the amount appropriated (A) after submitting a report in writing to the appropriate committees of Congress on such increase, including a statement of the reasons for the increase and a statement of the source of the funds to be used for the increase, and (B) after either a period of 21 days has elapsed from the date of receipt of the report or after each such committee has indicated approval of the increased contribution.

**“§ 2807. Architectural and engineering services and construction design**

“(a) Within amounts appropriated for such purposes, the Secretary concerned may obtain architectural and engineering services and may carry out construction design in connection with military construction projects not otherwise authorized by law. Amounts available for such purposes may be used for construction management of projects that are funded by foreign governments directly or through international organizations and for which elements of the armed forces of the United States are the primary user.

“(b) In the case of architectural and engineering services and construction design to be undertaken under subsection (a) for which the estimated cost exceeds the maximum amount specified by law for the purposes of this section, the Secretary concerned shall notify the appropriate committees of Congress of the scope of the proposed project and the estimated cost of such services not less than 21 days before the initial obligation of funds for such services.

“(c) If the Secretary concerned determines that the amount authorized for activities under subsection (a) in any fiscal year must be increased the Secretary may proceed with activities at such higher level (1) after submitting a report in writing to the appropriate committees of Congress on such increase, including a statement of the reasons for the increase and a statement of the source of funds to be used for the increase, and (2) after either a period of 21

Such projects may be undertaken only within the total amount of funds that have been appropriated for military construction, including funds appropriated for family housing, that have not been obligated.

“(b) When a decision is made to undertake military construction projects authorized by this section, the Secretary of Defense shall notify the appropriate committees of Congress of the decision and of the estimated cost of the construction projects, including the cost of any real estate action pertaining to those construction projects.

**“§ 2822. Requirement for authorization of number of family housing units**

“Improvement.”

“(b)(1) Funds may not be expended for the improvement of any single family housing unit, or for the improvement of two or more housing units that are to be converted into or are to be used as a single family housing unit, if the cost per unit of such improvement will exceed an amount specified by law for such purpose multiplied by the area construction cost index as developed by the Department of Defense for the location concerned at the time of contract award.

“(c) The maximum net floor area prescribed by subsection (a) may be increased in any case by 5 percent if the Secretary concerned determines that the increase is in the best interest of the Government (1) to permit award of a turnkey construction contract to the contractor offering the most satisfactory proposal, or (2) to permit purchase, lease, or conversion of housing units. An increase in the maximum net floor area of a housing unit under subsection (b) when combined with an increase in the maximum net floor area of such unit under this subsection may not exceed 10 percent of the otherwise applicable limitation prescribed by subsection (a).

“(B) the current working estimate of the cost of the project exceeds the amount appropriated for the project by more than (i) 25 percent, or (ii) 200 percent of the amount specified by law as the maximum amount for a minor military construction project, whichever is lesser,

until subsection (d) is complied with.

“(b) If the amount approved for a project is less than the amount specified by law as the maximum amount for a minor military construction project, that approved amount may be increased to more than such maximum amount if the Secretary concerned determines (1) that such an increase is required for the sole purpose of meeting unusual variations in cost, and (2) that such variations in cost could not have been reasonably anticipated at the time the project was originally approved. However, if, based upon bids received, the current working estimate of the cost of such a project is more than such maximum amount and is more than 125 percent of the original approved amount for the project, the project may not be placed under contract until subsection (d) is complied with.

"(c) The amount authorized by law for the cost of authorized construction and acquisition of a military family housing project may be increased above the amount appropriated for such project if the Secretary determines (1) that the increase is required for the sole purpose of meeting unforeseen variations in cost, and (2) that such variations in cost could not have been reasonably anticipated at the time the project was originally approved by Congress. However, such amount may not be increased by more than 25 percent until subsection (d) is complied with.

"(d) The limitation on reduction in scope of work in subsection (a), and the limitations on cost increases in subsections (a), (b), and (c), do not apply if—

"(1) the reduction in scope of work or the increase in cost, as the case may be, is approved by the Secretary concerned;

"(2) a written notification of the facts relating to the proposed reduced scope of work or increased cost (including a statement of the reasons therefor) is submitted by the Secretary concerned to the appropriate committees of Congress; and

"(3) either 21 days have elapsed from the date of the submission of the notification under clause (2) or each of the appropriate committees of Congress has indicated approval of the proposed reduced scope of work or increased cost.

"(e) After a contract for a project has been entered into, the Secretary concerned may carry out such project in an amount above the amount appropriated for such project by Congress in order to meet the costs of change orders or contractor claims. In the case of a contract to be carried out above the amount appropriated for which there has not been a cost variation under subsection (a), (b), (c), or (d), the Secretary concerned shall promptly report to the appropriate committees of Congress on the revised cost for the project and the reasons for the revised cost if the total cost under the contract exceeds the amount appropriated for the project by more than 25 percent. In the case of a contract to be carried out above the amount appropriated for which there has been a cost variation under subsection (a), (b), (c), or (d), the Secretary concerned shall promptly report to the appropriate committees of Congress on the revised cost for the project and the reasons for the revised cost, regardless of the amount by which the revised cost exceeds the amount approved for the project by the modification under subsection (a), (b), (c), or (d).

Reports to congressional committees.

#### **"§ 2854. Restoration or replacement of damaged or destroyed facilities**

"(a) Subject to subsection (b), the Secretary concerned may repair, restore, or replace a facility under his jurisdiction, including a family housing facility, that has been damaged or destroyed.

"(b) When a decision is made to carry out construction under this section and the cost of the repair, restoration, or replacement is greater than the maximum amount for a minor construction project, the Secretary concerned shall notify in writing the appropriate committees of Congress of that decision, of the justification for the project, of the current estimate of the cost of the project, of the source of funds for the project, and of the justification for carrying out the project under this section. The project may then be carried out only (1) after the end of the 21-day period beginning on the date the notification is received by such committees, or (2) after each such committee has approved the project, if the committees approve the project before the end of that period.

Notification of congressional committees.

**“§ 2857. Use of solar energy systems**

“(a) The Secretary of Defense shall encourage the use of solar energy systems as a source of energy for military construction projects (including military family housing projects) where use of solar energy would be practical and economically feasible.

“(b)(1) The Secretary concerned shall require that the design of all new facilities (including family housing) shall include consideration of solar energy systems in those cases in which use of solar energy has the potential for significant savings of fossil-fuel-derived energy.

“(2) The Secretary concerned shall require that contracts for construction resulting from such design include a requirement that solar energy systems be installed if such systems can be shown to be cost effective.

“(c)(1) For the purposes of this section, a solar energy system for a facility shall be considered to be cost effective if the difference between (A) the original investment cost of the energy system for the facility with a solar energy system, and (B) the original investment cost of the energy system for the facility without a solar energy system can be recovered over the expected life of the facility.

“(2) A determination under paragraph (1) of whether a cost-differential can be recovered over the expected life of a facility shall be made using accepted life-cycle costing procedures and shall include—

“(A) the use of all capital expenses and all operating and maintenance expenses associated with the energy system with and without a solar energy system over the expected life of the facility or during a period of 25 years, whichever is shorter;

“(B) the use of fossil fuel costs (and a rate of cost growth for fossil fuel costs) as determined by the Secretary of Defense; and

“(C) the use of a discount rate of 7 percent per year for all expenses of the energy system.

“(3) For the purpose of any life-cycle cost analysis under this subsection, the original investment cost of the solar energy system shall be reduced by 10 percent to reflect an allowance for an investment cost credit.

“(d) In order to equip a military construction project (including a military family housing project) with solar heating equipment, solar cooling equipment, or both solar heating and solar cooling equipment, or with a passive solar energy system, the Secretary concerned may authorize an increase in any otherwise applicable limitation with respect to the number of square feet or the cost per square foot of the project by such amount as may be necessary for such purpose. **“§ 2858. Limitation on the use of funds for expediting a construction project**

“Funds appropriated for military construction (including military family housing) may not be expended for additional costs involved in expediting a construction project unless the Secretary concerned (1) certifies that expenditures for such costs are necessary to protect the national interest, and (2) establishes a reasonable completion date for the project. In establishing such a completion date, the Secretary shall take into consideration the urgency of the requirement for completion of the project, the type and location of the project, the climatic and seasonal conditions affecting the construction involved, and the application of economical construction practices.

**“§ 2859. Transmission of annual military construction authorization request**

“The Secretary of Defense shall transmit to Congress the annual request for military construction authorization for a fiscal year during the first 10 days after the President transmits to Congress the Budget for that fiscal year pursuant to section 201 of the Budget and Accounting Act, 1921 (31 U.S.C. 11).

“(b) Should a requirement develop to obligate funds for a military construction project after the end of the fourth fiscal year after the fiscal year for which such funds were appropriated, such obligation may be made after the end of the 21-day period beginning on the date on which the appropriate committees of Congress receive notification of the need for such obligation and the reasons therefor.

Notification to congressional committees.

**“§ 2861. Annual report to Congress**

“(a) The Secretary of Defense shall submit a report to the appropriate committees of Congress each year with respect to military construction activities and military family housing activities. Each such report shall be submitted at the same time that the annual request for military construction authorization is submitted for that

year. Except where otherwise provided in this section, information required by this section to be provided in the report shall be provided for the two most recent fiscal years and for the fiscal year for which the budget request is made.

There shall also be included an analysis to indicate whether the cost variation was the result of a lack of competition, quality of plans and specifications, or quality of budget estimates, or of other factors.

An Act

To provide for the operation of the tobacco price support and production adjustment program in such a manner as to result in no net cost to taxpayers, to limit increases in the support price for tobacco, and for other purposes.

July 20, 1982  
[H.R. 6590]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

No Net Cost  
Tobacco  
Program  
Act of 1982.

SHORT TITLE

SECTION 1. This Act may be cited as the “No Net Cost Tobacco Program Act of 1982”.

7 USC 1281 note.

FINDINGS

SEC. 2. Congress finds that—

7 USC 1445-1  
note.

(1) in order to implement the intent of Congress, as expressed in the Agriculture and Food Act of 1981, that the tobacco price support and production adjustment program be carried out at no net cost to the taxpayer, other than administrative expenses common to the operation of all price support programs, it is necessary that producers of quota tobacco share equitably in helping to eliminate losses which may be incurred in carrying out the program;

7 USC 1281 note.

(2) producers of quota tobacco should be required, as a condition of receiving the benefits of price support for their tobacco, to contribute to a capital account to be established by each producer-owned marketing association through which price support advances are made available to producers; and

(3) the account so established should be used by the associations exclusively for the purpose of achieving a no net cost tobacco program.

TITLE I—MODIFICATION OF TOBACCO PRICE SUPPORT  
PROGRAM

PRODUCER CONTRIBUTIONS TO NO NET COST TOBACCO FUND

SEC. 101. Effective for the 1982 and subsequent crops of tobacco, the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) is amended by inserting, following section 106, a new section 106A as follows:

“PRODUCER CONTRIBUTIONS TO NO NET COST TOBACCO FUND

“SEC. 106A. (a) As used in the section—

Definitions.  
7 USC 1445-1.

“(1) the term ‘association’ means a producer-owned cooperative marketing association which has entered into a loan agreement with the Corporation to make price support available to producers;

"(2) the term 'Corporation' means the Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture through which the Secretary makes price support available to producers;

"(3) the term 'Fund' means the capital account to be established within each association, which account shall be known as the 'No Net Cost Tobacco Fund';

"(4) the term 'to market' means to dispose of quota tobacco by voluntary or involuntary sale, barter, exchange, gift inter vivos, or consigning the tobacco to an association for a price support advance;

"(5) the term 'net gains' means the amount by which total proceeds obtained from the sale by an association of a crop of quota tobacco pledged to the Corporation for price support loan exceeds the principal amount of the price support loan made by the Corporation to the association on such crop, plus interest and charges; and

"(6) the term 'quota tobacco' means any kind of tobacco for which marketing quotas are in effect or for which marketing quotas are not disapproved by producers.

Loan advances.

"(b) The Secretary may carry out the tobacco price support program through the Corporation and shall, except as otherwise provided by this section, continue to make price support available to producers through loans to associations that, under agreements with the Corporation, agree to make loan advances to producers.

Fund, establishment.

"(c) Each association shall establish within the association a Fund. The Fund shall be comprised of amounts contributed by producer-members as provided in subsection (d).

Price support eligibility.

"(d) The Secretary shall—

"(1) require—

"(A) that—

"(i) as a condition of eligibility for price support, each producer of each kind of quota tobacco (other than Burley quota tobacco with respect to the 1983 and subsequent crops) shall agree, with respect to all such kind of quota tobacco marketed by the producer from a farm, to contribute to the appropriate association, for deposit in the association's Fund, an amount determined from time to time by the association with the approval of the Secretary; and

"(ii) as a condition of eligibility for price support for any marketing year of any three-year period for which marketing quotas are in effect (other than the period applicable to the 1982 crop), each producer of Burley quota tobacco shall agree, not later than a date established by the Secretary preceding the beginning of the first marketing year of such three-year period (or, in the case of a producer of Burley quota tobacco on a new farm or a producer of Burley quota tobacco succeeding another producer on a farm, before the beginning of the marketing year in which such new producer or such successor producer will first market Burley quota tobacco from the farm involved), to contribute in each of the marketing years in such three-year period (or, in the case of such new producer or such successor producer, any remaining marketing year in such three-year period), with respect to all Burley quota tobacco

marketed by the producer, to the appropriate association, for deposit in the association's Fund, an amount determined from time to time by the association with the approval of the Secretary; and

“(B) that, upon making a contribution under subparagraph (A)—

“(i) in the case of quota tobacco marketed other than by consignment to an association for a price support advance, the producer shall receive from the association capital stock or, if the association does not issue such stock, a capital certificate having a par value or face amount, respectively, equal to the contribution; and

Capital stock or capital certificate.

“(ii) in the case of quota tobacco consigned by the producer to an association for a price support advance, the producer shall receive from the association a qualified per unit retain certificate, as defined in section 1388(h) of the Internal Revenue Code, having a face amount equal to the amount of the contribution and representing an interest in the association's Fund.

26 USC 1388.

The Secretary shall approve the amount of the contributions determined by an association from time to time under this paragraph only if the Secretary determines that such amount will result in accumulation of a Fund adequate to reimburse the Corporation for any net losses which the Corporation may sustain under its loan agreements with the association, based on reasonable estimates of the amounts which the Corporation will lend to the association under such agreements and the proceeds which will be realized from the sales of tobacco which are pledged to the Corporation by the association as security for loans;

“(2) effective for the 1983 and subsequent crops, require that each owner and operator of any farm who, in conformity with the provisions of subtitle B, part I, of the Agricultural Adjustment Act of 1938, leases all or any part of an acreage allotment or marketing quota for Flue-cured tobacco to make contributions, for deposit into the Fund established by the association which, under a loan agreement with the Corporation, makes price support available to producers of Flue-cured tobacco. The amount of such contribution for the quantity of tobacco of each crop represented by such lease shall be the same amount as the contribution for producers of Flue-cured tobacco of such crop determined and approved under paragraph (1). The Secretary shall require that such association, upon receiving such contribution, issue to such owner and operator capital stock or, if the association does not issue such stock, a capital certificate having a par value or face amount, respectively, equal to the contribution;

Acreage allotment and marketing quota leases.  
7 USC 1311.

“(3) require that the Fund established by each association shall be kept and maintained separate from all other accounts of the association and shall be used exclusively, as prescribed by the Secretary, for the purpose of ensuring, insofar as practicable, that the Corporation, under its loan agreements with the association with respect to 1982 and subsequent crops of quota tobacco, will suffer no net losses (including, but not limited to, recovery of the amount of loans extended to cover the overhead

Capital stock or capital certificate.

costs of the association), after any net gains are applied to net losses of the corporation under paragraph (5);

“(4) permit an association to invest the monies in the Fund in such manner as the Secretary may approve, and require that the interest or other earnings on such investment shall become a part of the Fund;

“(5) require that loan agreements between the Corporation and the association provide that the Corporation shall retain the net gains from each of the 1982 and subsequent crops of tobacco pledged by the association as security for price support loans, and that such net gains will be used for the purpose of (A) offsetting any losses sustained by the Corporation under its loan agreements with the association for any of the 1982 and subsequent crops of loan tobacco, or (B) reducing the outstanding balance of any price support loan made by the Corporation to the association under such agreements for 1982 and subsequent crops of tobacco, or for both such purposes; and

“(6) provide, in loan agreements between the Corporation and an association, that if the Secretary determines that the amount in the Fund or the net gains referred to in paragraph (5) exceed the amounts necessary for the purposes specified in this section, such excess (A) in the case of an association making price support available to producers of quota tobacco other than Burley tobacco, will be released to the association by the Corporation and may be devoted to other purposes by the association, and (B) in the case of an association making price support available to producers of Burley quota tobacco, will be released to the association by the Corporation and may be distributed, as determined by the association, to the producer-members of the association as a capital distribution or net gain distribution.

“(e) If any association which has entered into a loan agreement with the Corporation with respect to 1982 or subsequent crops of quota tobacco fails or refuses to comply with the provisions of this section, the regulations issued by the Secretary thereunder, or the terms of such agreement, the Secretary may terminate such agreement or provide that no additional loan funds may be made available thereunder to the association. In such event, the Secretary shall make price support available to producers of the kind or kinds of tobacco, the price of which had been supported through loans to such association, through such other means as are authorized by this Act or the Commodity Credit Corporation Charter Act.

“(f) If, under subsection (e), a loan agreement with an association is terminated, or if an association having a loan agreement with the Corporation is dissolved, merges with another association, or otherwise ceases to operate, the Fund or the net gains referred to in subsection (d)(5) shall be applied or disposed of in such manner as the Secretary may approve or prescribe, except that they shall, to the extent necessary, first be applied or used for the purposes therefor prescribed in this section.

“(g) The Secretary shall issue regulations necessary to carry out the provisions of this section.”

#### ADJUSTMENT OF PRICE SUPPORT LEVEL OF TOBACCO

SEC. 102. Effective for the 1982 and subsequent crops of tobacco, section 106 of the Agricultural Act of 1949 (7 U.S.C. 1445) is amended by adding at the end thereof new subsection (d) as follows:

Capital or net  
gain distri-  
bution.

Agreement,  
termination.

15 USC 714 note.

Regulations.

“(d) Notwithstanding the provisions of section 403, if the Secretary determines that the supply of any grade of any kind of tobacco of a crop for which marketing quotas are in effect or are not disapproved by producers will likely be excessive, the Secretary, after prior consultation with the association through which price support for the grade and kind of tobacco is made available to producers, may reduce the support rate which would otherwise be established for such grade of tobacco after taking into consideration the effect such reduction may have on the supply and price of other grades of other kinds of quota tobacco: *Provided*, That the weighted average of the support rates for all eligible grades of such kind of tobacco shall, after such reduction, reflect not less than (1) 65 per centum of the increase in the support level for such kind of tobacco which would otherwise be established under this section, if the support level therefor is higher than the support level for the preceding crop, or (2) the support level for such kind of tobacco established under this section, if the support level therefor is not higher than the support level for the preceding crop. In determining whether the supply of any grade of any kind of tobacco of a crop will be excessive, the Secretary shall take into consideration the domestic supply, including domestic inventories, the amount of such tobacco pledged as security for price support loans, and anticipated domestic and export demand, based on the maturity, uniformity and stalk position of such tobacco.”.

#### MARKETING ASSESSMENTS TO NO NET COST TOBACCO ACCOUNT

SEC. 301. Effective for the 1982 and subsequent crops of all kinds of tobacco except Flue-cured tobacco, the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) is amended by inserting, following section 106A (as added by section 101 of this Act), a new section 106B as follows:

*Ante*, p. 197.

#### “MARKETING ASSESSMENTS TO NO NET COST TOBACCO ACCOUNT

“SEC. 106B. (a) As used in this section—

Definitions.  
7 USC 1445-2.

“(1) the term ‘association’ means a producer-owned cooperative marketing association which has entered into a loan agreement with the Corporation to make price support available to producers of a kind of tobacco, except that the term does not include such an association that has entered into such an agreement to make price support available to producers of Flue-cured tobacco;

“(2) the term ‘Account’ means an account established by and in the Corporation for an association, which account shall be known as the ‘No Net Cost Tobacco Account’;

“(3) the term ‘to market’ means to dispose of tobacco by voluntary or involuntary sale, barter, exchange, gift *inter vivos*, or consigning the tobacco to an association for a price support advance;

“(4) the term ‘net gains’ means the amount by which total proceeds obtained from the sale by an association of a crop of a kind of tobacco pledged to the Corporation for price support

loan exceeds the principal amount of the price support loan made by the Corporation to the association on such crop, plus interest and charges;

"(5) the term 'tobacco' means any kind of tobacco except Flue-cured tobacco, as defined in section 301(b)(15) of the Agricultural Adjustment Act of 1938, for which marketing quotas are in effect or for which marketing quotas are not disapproved by producers;

"(6) the term 'area', when used in connection with an association, means the general geographical area in which farms of the producer-members of such association are located, as determined by the Secretary; and

"(7) the term 'Corporation' shall have the meaning given to it in section 106A(a)(2).

*Ante*, p. 197.

"(b) Notwithstanding section 106A, the Secretary shall, upon the request of any association, and may, if the Secretary determines, after consultation with such association, that the accumulation of the No Net Cost Tobacco Fund for such association under section 106A is, and is likely to remain, inadequate to reimburse the Corporation for net losses which the Corporation sustains under its loan agreement with such association—

"(1) continue to make price support available to producers through such association in accordance with loan agreements entered into between the Corporation and such association; and

"(2) establish and maintain in accordance with this section a No Net Cost Tobacco Account for such association in lieu of the No Net Cost Tobacco Fund established within such association under section 106A.

No Net Cost  
Tobacco  
Account.  
Establishment.

"(c)(1) Any Account established for an association under subsection (b)(2) shall be established within the Corporation and shall be comprised of amounts paid by producers under subsection (d).

"(2) Upon the establishment of an Account for an association, any amount in the No Net Cost Tobacco Fund established within such association under section 106A shall be applied or disposed of in such manner as the Secretary may approve or prescribe, except that such amount shall, to the extent necessary, first be applied or used for the purposes therefor prescribed in such section.

"(d)(1) If an Account is established for an association under subsection (b)(2), then the Secretary shall require (in lieu of any requirement under section 106A(d)(1)) that each producer of the kind of tobacco involved whose farm is within such association's area shall, as a condition of eligibility for price support, agree, with respect to all of such kind of tobacco marketed by the producer from the farm, to pay to the Corporation, for deposit in such association's Account, marketing assessments as determined under paragraph (2) and collected under paragraph (3).

"(2) For purposes of paragraph (1), the Secretary shall determine and adjust from time to time, in consultation with such association, the amount of the marketing assessment which shall be imposed, as a condition of eligibility for price support, on each pound of the kind of tobacco involved marketed by a producer from a farm within such association's area. Such amount shall be equal to an amount which, when collected, will result in an accumulation of an Account for such association adequate to reimburse the Corporation for any net losses which the Corporation may sustain under its loan agreements with such association, based on reasonable estimates of the amounts which the Corporation will lend to such association under such

agreements and the proceeds which will be realized from the sales of the kind of tobacco involved which are pledged to the Corporation by such association as security for loans.

“(3)(A) Except as provided in subparagraph (B), any marketing assessment to be paid by a producer under paragraph (1) shall be collected from the person who acquired the tobacco involved from such producer but an amount equal to such assessment may be deducted by the purchaser from the price paid to such producer in case such tobacco is marketed by sale.

“(B) If tobacco of the kind for which an Account is established is marketed by a producer through a warehouseman or other agent, then such assessment shall be collected from such warehouseman or agent who may deduct an amount equal to such assessment from the price paid to the producer. If tobacco of the kind for which an Account is established is marketed by a producer directly to any person outside the United States, such assessment shall be collected from the producer.

“(e) Amounts deposited in an Account established for an association shall be used by the Secretary for the purpose of ensuring, insofar as practicable, that the Corporation under its loan agreements with such association will suffer, with respect to the crop involved, no net losses (including, but not limited to, recovery of the amount of loans extended to cover the overhead costs of the association), after any net gains are applied to net losses of the Corporation pursuant to subsection (h).

“(f) The Secretary shall provide, in any loan agreement between the Corporation and an association for which an Account has been established under subsection (b)(2), that if the Secretary determines that the amount in such Account or the net gains referred to in subsection (h) exceed the amounts necessary for the purposes of this section, then the Secretary, in consultation with such association, may suspend the payment and collection of marketing assessments under this section upon terms and conditions established by the Secretary.

“(g) With respect to any association for which an Account is established under subsection (b)(2), if a loan agreement between the Corporation and such association is terminated, if such association is dissolved or merges with another association that has entered into a loan agreement with the Corporation to make price support available to producers of the kind of tobacco involved, or if such Account terminates by operation of law, then amounts in such Account and the net gains referred to in subsection (h) shall be applied to or disposed of in such manner as the Secretary may prescribe, except that they shall, to the extent necessary, first be applied to or used for the purposes therefor prescribed in this section.

“(h) The provisions of section 106A(d)(5) relating to net gains shall apply to any loan agreement between an association and the Corporation entered into upon or after the establishment of an Account for such association under subsection (b)(2). *Ante*, p. 197.

“(i) The Secretary shall issue regulations necessary to carry out the provisions of this section.”. *Regulations.*

If marketing quotas on a poundage basis are not approved for such kind of tobacco by at least one-half of the farmers voting in such referendum, then quotas on an acreage basis shall be in effect for such kind of tobacco for the two marketing years beginning October 1, 1983.

Referendum.

"If marketing quotas on an acreage basis are in effect for any such kind of tobacco, if, for a period of not less than three marketing years, a referendum has not been held under this section to determine whether producers of such kind of tobacco favor marketing quotas on a poundage basis for such kind of tobacco, and if the Secretary, after conducting public hearings in the area in which such kind of tobacco is produced, ascertains that producers and other interested persons favor marketing quotas on a poundage basis for such kind of tobacco, then the Secretary shall, at the time of the next announcement of the amount of the national marketing quota, announce national marketing quotas for the next three succeeding marketing years under this section. Within thirty days of such proclamation, the Secretary shall conduct a referendum of farmers engaged in the production of the most recent crop of such kind of tobacco to determine whether they favor the establishment of marketing quotas on a poundage basis for such kind of tobacco as provided in this section for the next three succeeding marketing years. If the Secretary determines that more than one-half of the farmers voting in such referendum approve marketing quotas on a poundage basis under this section, then quotas on that basis shall be in effect for the next three succeeding marketing years and the marketing quotas on an acreage basis shall cease to be in effect at the beginning of such three-year period. If marketing quotas on a poundage basis are not approved by more than one-half of the farmers voting in such referendum, then the marketing quotas on an acreage basis shall continue in effect as theretofore proclaimed under this Act.

Hearings.

"The Secretary shall determine and announce, not later than the February 1 preceding the second and third marketing years of any three-year period for which marketing quotas on a poundage basis are in effect for any such kind of tobacco under this section, the amount of the national marketing quota for such kind of tobacco for each of such years. If marketing quotas on a poundage basis have been made effective for such kind of tobacco under this section, then the Secretary shall, not later than February 1 of the last of three consecutive marketing years for which marketing quotas are in effect for such kind of tobacco under this section, proclaim a national marketing quota for such kind of tobacco for the next three succeeding marketing years as provided in this section. The Secretary shall conduct extensive hearings in the area in which such kind of tobacco is produced to ascertain whether producers favor marketing quotas on an acreage basis or on a poundage basis and shall proclaim the quota on the basis he determines most producers of such kind of tobacco favor. Within thirty days following such proclamation, the Secretary shall conduct a referendum in accord-

ance with section 312(c) of the Act. If more than one-half of the farmers voting in such referendum oppose the national marketing quotas, then the Secretary shall announce the results and no marketing quotas or price support shall be in effect for such kind of tobacco and the national marketing quota so proclaimed shall not be in effect for the next three succeeding marketing years. Thereafter the provisions of section 312 of the Act shall apply: *Provided*, That the national marketing quota and farm marketing quotas for such kind of tobacco shall be determined for such kind of tobacco as provided in this section.”

#### CONFIDENTIAL DATA

7 USC 1373.

SEC. 304. Section 373(c) of the Agricultural Adjustment Act of 1938 is amended by adding at the end thereof the following new sentence: “Nothing in this section shall be deemed to prohibit the issuance of

general statements based upon the reports of a number of parties which statements do not identify the information furnished by any person.”.

#### LONG-TERM GRAIN SALES AGREEMENT

SEC. 305. (a) The Congress finds that—

(1) talks to extend the long-term grain sales agreement between the Soviet Union and the United States were broken off in 1981 with no date set for resumption of these talks;

(2) the Government of the Soviet Union for all practical purposes has ceased to purchase United States agricultural commodities since the breaking off of negotiations;

(3) the lack of a long-term grain sales agreement may result in market instability, with the potential of disrupting the feed-livestock relationship in the United States;

(4) the lack of such an agreement may result in uncertainty among farmers as to the best planting decisions for the upcoming crop year;

(5) the lack of such an agreement has already led the Soviet Union to seek other sources of supplies at the expense of the American farmer; and

(6) the lack of such an agreement means a drop in the export of agricultural commodities and continued severe difficulties with the balance of trade deficit of the United States.

(b) It is the sense of the Congress that the President should immediately resume negotiations with the Government of the Soviet Union for the purpose of reaching an agreement to extend the duration of the existing long-term grain sales agreement and to require the purchase by the Government of the Soviet Union of a minimum amount of grain annually at a level not less than the level required by the existing long-term grain sales agreement.

#### LIMITATION ON THE SALE OF TOBACCO FLOOR SWEEPINGS

SEC. 306. The Agricultural Adjustment Act of 1938 (7 U.S.C. 1281 et seq.) is amended by adding immediately after section 314 thereof the following new section:

“SEC. 314A. (a) Effective for the 1982 and subsequent crops of tobacco, the marketing of floor sweepings of any kind of tobacco in excess of allowable floor sweepings shall be subject to a civil penalty of 150 per centum of the average market price (calculated to the nearest whole cent) for such kind of tobacco for the immediately preceding marketing year. Such penalty shall be paid by any person found by the Secretary to have marketed such floor sweepings in excess of the allowable amount.

“(b) The penalty provided for in subsection (a) shall be assessed by the Secretary only after the person alleged to have marketed floor sweepings in excess of allowable floor sweepings has been given notice and an opportunity for hearing and the Secretary has determined by decision incorporating the Secretary’s findings of fact that a violation did occur and the amount of the penalty.

“(c) The provisions of section 376 of this title shall apply to penalties under this section.

“(d) As used in this section—

Penalties.  
7 USC 1314-1.

7 USC 1376.

Definitions.

“(1) the term ‘floor sweepings’ means the scraps or leaves of tobacco which accumulate on the warehouse floor in the regular course of business; and

“(2) the term ‘allowable floor sweepings’ means the quantity of floor sweepings determined by multiplying 0.24 per centum times the total first sales of tobacco at auction for the season for the warehouse involved.”.

#### TITLE IV—THE AGRICULTURAL STABILIZATION AND CONSERVATION COUNTY AND COMMUNITY COMMITTEE SYSTEM

16 USC 590h  
note.

SEC. 401. Congress finds that agricultural stabilization and conservation county and community committees have served, and should continue to serve, a vital function in implementing, at the local level, farm commodity, soil conservation, and related programs; and that, by assisting the United States Department of Agriculture to conduct such programs effectively, such committees provide substantial benefits to agriculture and the Nation. Congress further finds that the agricultural stabilization and conservation county and community committee system has developed, over the years, into a highly efficient mechanism for implementing such programs at the local level. Therefore, it is the sense of Congress that the Secretary of Agriculture should ensure that the structure and operations of the agricultural stabilization and conservation county and community committees, as heretofore developed to enable such committees to meet the responsibilities assigned them under section 8(b) of the Soil Conservation and Domestic Allotment Act, and related statutes and regulations, be preserved and strengthened.

An Act

To amend the Small Business Act to strengthen the role of the small, innovative firms in federally funded research and development, and to utilize Federal research and development as a base for technological innovation to meet agency needs and to contribute to the growth and strength of the Nation's economy.

July 22, 1982  
[S. 881]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

SECTION 1. This Act may be cited as the "Small Business Innovation Development Act of 1982".

SEC. 2. (a) The Congress finds that—

(1) technological innovation creates jobs, increases productivity, competition, and economic growth, and is a valuable counterforce to inflation and the United States balance-of-payments deficit;

(2) while small business is the principal source of significant innovations in the Nation, the vast majority of federally funded research and development is conducted by large businesses, universities, and Government laboratories; and

(3) small businesses are among the most cost-effective performers of research and development and are particularly capable of developing research and development results into new products.

(b) Therefore, the purposes of the Act are—

(1) to stimulate technological innovation;

(2) to use small business to meet Federal research and development needs;

(3) to foster and encourage participation by minority and disadvantaged persons in technological innovation; and

(4) to increase private sector commercialization innovations derived from Federal research and development.

SEC. 3. Section 9(b) of the Small Business Act is amended—

(1) by striking out "and" at the end of paragraph (2);

(2) by striking out the period at the end of paragraph (3) and inserting in lieu thereof "; and"; and

(3) by adding at the end thereof the following:

"(4) to develop and maintain a source file and an information program to assure each qualified and interested small business concern the opportunity to participate in Federal agency small business innovation research programs;

"(5) to coordinate with participating agencies a schedule for release of SBIR solicitations, and to prepare a master release schedule so as to maximize small businesses' opportunities to respond to solicitations;

"(6) to independently survey and monitor the operation of SBIR programs within participating Federal agencies; and

"(7) to report not less than annually to the Committee on Small Business of the Senate and the Committee on Small Business of the House of Representatives on the SBIR programs

"(C) where appropriate, a third phase in which non-Federal capital pursues commercial applications of the research or research and development and which may also involve follow-on non-SBIR funded production contracts with a Federal agency for products or processes intended for use by the United States Government; and

Joint Resolution

Concerning the successful completion of the test flight phase of the Space Shuttle program.

Aug. 20, 1982  
[H.J. Res. 541]

Whereas when the Space Shuttle Columbia flew through a blazing re-entry and skimmed to a perfect landing on the 4th of July 1982, at Edwards Air Force Base, California, the National Aeronautics and Space Administration successfully completed the test flight phase of the Space Shuttle program and began a new era of operational Space Shuttle missions;

Whereas in four test missions, the Space Shuttle Columbia, a reusable spaceship designed to provide routine space travel for a wide variety of scientific, commercial, and military payloads at reduced costs and with a high reliability of success, lived up to its promise as the most advanced spacecraft in the world;

Whereas in four test missions, the Columbia was lifted from Earth, orbited in the vacuum of space like a satellite, operated a variety of scientific experiments, tested the capability of the remote manipulator system to deploy satellites in orbit and to retrieve satellites, descended into the Earth's atmosphere, was piloted by astronauts like a conventional winged airplane, and was landed at Edwards Air Force Base, California, and at White Sands missile range, New Mexico;

Whereas the Space Shuttle Columbia, the newly completed Space Shuttle Challenger, and the sister Shuttles Discovery and Atlantis, now under construction, will be able to fly repeatedly back and forth from space as an operational space transportation system;

Whereas the Space Shuttle orbiters will accommodate an unprecedented variety of payloads including a fully equipped scientific laboratory (Spacelab) provided by the European space agency, underscoring the commitment of the United States to international cooperation in space activities;

Whereas using the unique qualities of the space environment (weightlessness and a near perfect vacuum) the Space Shuttle orbiters will be used for experiments to produce special alloys, metals, glasses, crystals, and pharmaceuticals that cannot be performed on Earth;

Whereas the Space Shuttle orbiters will place in orbit satellites to observe the Earth's weather, provide improved communications, discover new mineral resources, monitor crop and timber yields, help United States forces to navigate, and monitor arms control agreements;

Whereas the Space Shuttle orbiters will also place in orbit the most powerful space telescope and will launch scientific probes to explore the planets;

Whereas the Space Shuttle program is a national enterprise, geographically and technologically, requiring tens of thousands of skilled workers to design, develop, test and evaluate the various Space Shuttle components;

Whereas the Space Shuttle program has been judged by independent research organizations to have a positive effect on the national economy, creating jobs, reducing inflationary pressures, and forwarding the development of advanced technologies; and

Whereas the Space Shuttle program is a source of great national pride and the United States now holds world leadership in its proven ability to operate a reusable Space Shuttle: Now, therefore, be it

Space Shuttle,  
test flight period.  
Successful  
completion.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Congress of the United States congratulates the National Aeronautics and Space Administration, the members of the Astronaut Corps, prime contractor Rockwell International, associate contractors Martin Marietta and Thiokol, the thousands of Shuttle subcontractors throughout the United States, and the tens of thousands of dedicated Space Shuttle workers who contributed to the successful completion of the Space Shuttle test flight period and to the entry of our Nation into a promising new era of spaceflight for the benefit of the people of the United States and all mankind.

#### INTERNATIONAL EXCHANGES AND NATIONAL SECURITY

SEC. 305. (a) The Congress finds that—

(1) United States Government sponsorship of international exchange-of-persons activities has, during the postwar era, contributed significantly to United States national security interests;

(2) during the 1970's, while United States programs declined dramatically, Soviet exchange-of-persons activities increased steadily in pace with the Soviet military buildup;

(3) as a consequence of these two trends, Soviet exchange-of-persons programs now far exceed those sponsored by the United States Government and thereby provide the Soviet Union an important means of extending its worldwide influence;

(4) the importance of competing effectively in this area is reflected in the efforts of major United States allies, whose programs also represent far greater emphasis on exchange-of-persons activities than is demonstrated by the current United States effort; and

(5) with the availability of increased resources, the United States exchange-of-persons program could be greatly strengthened, both qualitatively and quantitatively.

(b) It is therefore the sense of the Congress that—

(1) United States exchange-of-persons activities should be strengthened;

(2) the allocation of resources necessary to accomplish this improvement would constitute a highly cost-effective means of enhancing the United States national security; and

(3) because of the integral and continuing national security role of exchange-of-persons programs, such activities should be accorded a dependable source of long-term funding.

(c) The amount obligated by the United States Information Agency each fiscal year for grants for exchange-of-persons activities shall be increased, through regular annual increases, so that by the fiscal year 1986 the amount obligated for such grants is at least double (in terms of constant dollars) the amount obligated for such grants for the fiscal year 1982.

(d)(1) In furtherance of the purposes of subsection (c), the Congress directs that of the amount appropriated for the United States Information Agency for the fiscal year 1983—

(A) \$84,256,000 shall be available only for grants for the Fulbright Academic Exchange Programs and the International Visitor Program; and

(B) \$3,248,000 shall be available only for grants for the Humphrey Fellowship Program; and

(C) \$8,906,000 shall be available only for grants to private, not-for-profit organizations engaging in exchange-of-persons programs;

subject to paragraphs (2) and (3) of this subsection.

(2) If the amount appropriated for the United States Information Agency for the fiscal year 1983 is less than the amount authorized for the fiscal year 1983, then the amounts specified in subpara-

22 USC 2455  
note.

22 USC 2455  
note.

graphs (A) through (C) of paragraph (1) shall each be deemed to be reduced to the amount which bears the same ratio to the specified amount as the amount appropriated bears to the amount authorized. For purposes of this paragraph—

(A) the term “amount appropriated” means the amount appropriated under section 302 of this Act (less any rescissions), and does not include amounts appropriated under section 704 of the United States Information and Educational Exchange Act of 1948 (relating to nondiscretionary personnel costs and currency fluctuations) or under any other provision of law; and

“Amount appropriated.”  
*Ante*, p. 291.

22 USC 1477b.

(B) the term “amount authorized” means the amount authorized to be appropriated by section 302 of this Act, less an amount equal to any amount which was withheld from appropriation (or was rescinded) in order to reduce the amount available for a particular program or activity.

(3) The Director of the United States Information Agency may authorize up to 5 percent of the amount earmarked under subparagraph (A), (B), or (C) of paragraph (1) to be used for a purpose other than the exchange-of-persons activities specified in that subparagraph. Not less than 15 days prior to any such authorization, the Director shall submit to the Committee on Foreign Affairs of the House of Representatives, and to the Committee on Foreign Relations of the Senate, a justification for authorizing the use of earmarked funds for a purpose other than the specified exchange-of-persons activities.

#### DISTRIBUTION WITHIN THE UNITED STATES OF CERTAIN UNITED STATES INFORMATION AGENCY FILMS

SEC. 306. (a) Notwithstanding the second sentence of section 501 of the United States Information and Educational Exchange Act of 1948 (22 U.S.C. 1461)—

(1) the Director of the United States Information Agency shall make available to the Administrator of General Services a master copy of each of the films listed in subsection (b) of this section; and

Master copies, availability to GSA.

(2) the Administrator shall reimburse the Director for any expenses of the Agency in making that master copy available, shall secure any licenses or other rights required for distribution of that film within the United States, shall deposit that film in the National Archives of the United States, and shall make copies of that film available for purchase and public viewing within the United States.

Reimbursement; film deposit in National Archives.

Any reimbursement to the Director pursuant to this section shall be credited to the applicable appropriation of the United States Information Agency.

(b) The films to be made available pursuant to this section are the following: “Reflections: Samuel Eliott Morison”; “And Now Miguel”; and “In their Own Words”.

If the Secretary intends to carry out timber harvesting activities under clause (2), the Secretary shall advise the Committee on Energy and Natural Resources of the Senate and the Committees on Agriculture and Interior and Insular Affairs of the House of Representatives of the action the Secretary intends to take at least 30 days in advance of initiating action to contract for such sales, except that in emergency situations the Secretary shall submit a report to such Committees, describing the action taken within 30 days thereafter.

### Subtitle A—Medicare

#### PART I—CHANGES IN PAYMENTS FOR SERVICES

##### Subpart A—Amount of Payment for Institutional Services

###### PAYMENT FOR INPATIENT HOSPITAL SERVICES

SEC. 101. (a)(1) Title XVIII of the Social Security Act is amended by adding at the end thereof the following new section:

“PAYMENT TO HOSPITALS FOR INPATIENT HOSPITAL SERVICES

“SEC. 1886. (a)(1)(A)(i) The Secretary, in determining the amount of the payments that may be made under this title with respect to operating costs of inpatient hospital services (as defined in paragraph (4)) shall not recognize as reasonable (in the efficient delivery of health services) costs for the provision of such services by a hospital for a cost reporting period to the extent such costs exceed the applicable percentage (as determined under clause (ii)) of the average of such costs for all hospitals in the same grouping as such hospital for comparable time periods.

42 USC 1395ww.

“(ii) For purposes of clause (i), the applicable percentage for hospital cost reporting periods beginning—

“(I) on or after October 1, 1982, and before October 1, 1983, is 120 percent;

“(II) on or after October 1, 1983, and before October 1, 1984, is 115 percent; and

“(III) on or after October 1, 1984, is 110 percent.

“(B)(i) For purposes of subparagraph (A) the Secretary shall establish case mix indexes for all short-term hospitals, and shall set limits for each hospital based upon the general mix of types of

Cost reporting  
period,  
limitation.

medical cases with respect to which such hospital provides services for which payment may be made under this title.

“(ii) The Secretary shall set such limits for a cost reporting period of a hospital—

“(I) by updating available data for a previous period to the immediate preceding cost reporting period by the estimated average rate of change of hospital costs industry-wide, and

“(II) by projecting for the cost reporting period by the applicable percentage increase (as defined in subsection (b)(3)(B)).

“(C) The limitation established under subparagraph (A) for any hospital shall in no event be lower than the allowable operating costs of inpatient hospital services (as defined in paragraph (4)) recognized under this title for such hospital for such hospital’s last cost reporting period prior to the hospital’s first cost reporting period for which this section is in effect.

“(2) The Secretary shall provide for such exemptions from, and exceptions and adjustments to, the limitation established under paragraph (1)(A) as he deems appropriate, including those which he deems necessary to take into account—

“(A) the special needs of sole community hospitals, of new hospitals, of risk based health maintenance organizations, and of hospitals which provide atypical services or essential community services, and to take into account extraordinary circumstances beyond the hospital’s control, medical and paramedical education costs, significantly fluctuating population in the service area of the hospital, and unusual labor costs,

“(B) the special needs of psychiatric hospitals and of public or other hospitals that serve a significantly disproportionate number of patients who have low income or are entitled to benefits under part A of this title, and

“(C) a decrease in the inpatient hospital services that a hospital provides and that are customarily provided directly by similar hospitals which results in a significant distortion in the operating costs of inpatient hospital services.

“(3) The limitation established under paragraph (1)(A) shall not apply with respect to any hospital which—

“(A) is located outside of a standard metropolitan statistical area, and

“(B)(i) has less than 50 beds, and

“(ii) was in operation and had less than 50 beds on the date of the enactment of this section.

“(4) For purposes of this section, the term ‘operating costs of inpatient hospital services’ includes all routine operating costs, ancillary service operating costs, and special care unit operating costs with respect to inpatient hospital services and such costs are determined on an average per admission or per discharge basis (as determined by the Secretary).

“(b)(1) Notwithstanding sections 1814(b) but subject to the provisions of sections 1813, if the operating costs of inpatient hospital services (as defined in subsection (a)(4)) of a hospital for a cost reporting period subject to this paragraph—

“(A) are less than or equal to the target amount (as defined in paragraph (3)) for that hospital for that period, the amount of the payment with respect to such operating costs payable under part A on a per discharge or per admission basis (as the case may be) shall be equal to the amount of such operating costs, plus—

“Operating  
costs of  
inpatient  
hospital  
services.”

42 USC 1395f.

42 USC 1395e.

“(i) 50 percent of the amount by which the target amount exceeds the amount of the operating costs, or

“(ii) 5 percent of the target amount,

whichever is less; or

“(B) are greater than the target amount, the amount of the payment with respect to such operating costs payable under part A on a per discharge or per admission basis (as the case may be) shall be equal to (i) the target amount, plus (ii) in the case of cost reporting periods beginning on or after October 1, 1982, and before October 1, 1984, 25 percent of the amount by which the amount of the operating costs exceeds the target amount;

except that in no case may the amount payable under this title with respect to operating costs of inpatient hospital services exceed the maximum amount payable with respect to such costs pursuant to subsection (a).

“(2) Paragraph (1) shall not apply to cost reporting periods of hospitals beginning on or after October 1, 1985.

“(3)(A) For purposes of this subsection, the term ‘target amount’ means, with respect to a hospital for a particular 12-month cost reporting period—

“Target amount.”

“(i) in the case of the first such reporting period for which this subsection is in effect, the allowable operating costs of inpatient hospital services (as defined in subsection (a)(4)) recognized under this title for such hospital for the preceding 12-month cost reporting period, and

“(ii) in the case a later reporting period, the target amount for the preceding 12-month cost reporting period, increased by the applicable percentage increase under subparagraph (B) for that particular cost reporting period.

“(B) For purposes of subparagraph (A), the ‘applicable percentage increase’ for any 12-month cost reporting period shall be equal to 1 percentage point plus the percentage, estimated by the Secretary, by which the cost of the mix of goods and services (including personnel costs but excluding non-operating costs) comprising routine, ancillary, and special care unit inpatient hospital services, based on an index of appropriately weighted indicators of changes in wages and prices which are representative of the mix of goods and services included in such inpatient hospital services, for such cost reporting period exceeds the cost of such mix of goods and services for the preceding 12-month cost reporting period.

“Applicable percentage increase.”

“(4)(A) The Secretary shall provide for an exemption from, or an exception and adjustment to, the method under this subsection for determining the amount of payment to a hospital where events beyond the hospital’s control or extraordinary circumstances, including changes in the case mix of such hospital, create a distortion in the increase in costs for a cost reporting period (including any distortion in the costs for the base period against which such increase is measured). The Secretary may provide for such other exemptions from, and exceptions and adjustments to, such method as the Secretary deems appropriate, including those which he deems necessary to take into account a decrease in the inpatient hospital services that a hospital provides and that are customarily provided directly by similar hospitals which results in a significant distortion in the operating costs of inpatient hospital services.

“(B) Paragraph (1) shall not apply to payment of hospitals which is otherwise determined under paragraph (3) of section 1814(b).

42 USC 1395f.

“(5) In the case of any hospital having any cost reporting period of other than a 12-month period, the Secretary shall determine the 12-month period which shall be used for purposes of this section.

26 USC 3111.

“(6)(A) The Secretary shall provide for an adjustment under this paragraph in the amount of payment otherwise provided a hospital under this subsection in the case of a hospital which, as of August 15, 1982, was subject to the taxes (hereinafter in this paragraph referred to as the ‘FICA taxes’) imposed by section 3111 of the Internal Revenue Code of 1954 and which is not subject to such taxes for part or all of a cost reporting period beginning on or after October 1, 1982.

Operating costs,  
estimate.

“(B) In making such adjustment for a cost reporting period the Secretary shall estimate the amount of the operating costs of inpatient hospital services that would have resulted if the hospital was subject to the FICA taxes during that period. In making such estimate the Secretary shall reduce the amount of such FICA taxes that would have been paid (but not below zero) by the amount of costs which the hospital demonstrates to the satisfaction of the Secretary were incurred in the period for pensions, health, and other fringe benefits for employees (and former employees and family members) comparable to, and in lieu of, the benefits provided under title II and this title of the Social Security Act.

42 USC 401.

“(C) If a hospital’s operating costs of inpatient hospital services estimated under subparagraph (B) is greater than the hospital’s operating costs of inpatient hospital services determined without regard to this paragraph for a cost reporting period, then the Secretary shall reduce the amount otherwise paid the hospital (respecting operating costs of inpatient hospital services) under this subsection for the period by the amount by which—

“(i) the amount that would have been paid the hospital if (I) the amount of the operating costs of inpatient hospital services estimated under subparagraph (B) were treated as the amount of the operating costs of inpatient hospital services and (II) subsection (a) did not apply to the determination, exceeds—

“(ii) the amount that would otherwise have been paid the hospital if subsection (a) (and this paragraph) did not apply; except that, in making such determination for cost reporting periods beginning on or after October 1, 1984, clause (ii) of paragraph (1)(B) shall continue to apply.

“(c)(1) The Secretary may provide, in his discretion, that payment with respect to services provided by a hospital in a State may be made in accordance with a hospital reimbursement control system in a State, rather than in accordance with the other provisions of this title, if the chief executive officer of the State requests such treatment and if—

“(A) the Secretary determines that the system, if approved under this subsection, will apply (i) to substantially all non-Federal acute care hospitals (as defined by the Secretary) in the State and (ii) to the review of at least 75 percent of all revenues or expenses in the State for inpatient hospital services and of revenues or expenses for inpatient hospital services provided under the State’s plan approved under title XIX;

42 USC 1396.

“(B) the Secretary has been provided satisfactory assurances as to the equitable treatment under the system of all entities (including Federal and State programs) that pay hospitals for

inpatient hospital services, of hospital employees, and of hospital patients; and

“(C) the Secretary has been provided satisfactory assurances that under the system, over 36-month periods (the first such period beginning with the first month in which this subsection applies to that system in the State), the amount of payments made under this title under such system will not exceed the amount of payments which would otherwise have been made under this title not using such system.

“(2) In determining under paragraph (1)(C) the amount of payment which would otherwise have been made under this title for a State, the Secretary may provide for appropriate adjustment of such amount to take into account previous reductions effected in the amount of payments made under this title in the State due to the operation of the hospital reimbursement control system in the State if the system has resulted in an aggregate rate of increase in operating costs of inpatient hospital services (as defined in subsection (a)(4)) under this title for hospitals in the State which is less than the aggregate rate of increase in such costs under this title for hospitals in the United States.

“(3) The Secretary shall discontinue payments under a system described in paragraph (1) if the Secretary—

“(A) determines that the system no longer meets the requirement of paragraph (1)(A) or

“(B) has reason to believe that the assurances described in subparagraph (B) or (C) of paragraph (1) are not being (or will not be) met.”.

(2) Section 1861(v)(1)(L) of such Act is amended by striking out “(i)” and all that follows through “(ii)”.

(b)(1) The amendments made by subsection (a) shall apply to cost reporting periods beginning on or after October 1, 1982.

(2)(A) The Secretary of Health and Human Services shall first issue such final regulations (whether on an interim or other basis) before October 1, 1982, as may be necessary to implement such amendments on a timely basis. If such regulations are promulgated on an interim final basis, the Secretary shall take such steps as may be necessary to provide opportunity for public comment, and appropriate revision based thereon, so as to provide that such regulations are not on an interim basis later than March 31, 1983.

(B) Chapter 35 of title 5, United States Code, shall not apply, until January 1, 1984, to collection of information and information collection requests which the Secretary of Health and Human Services determines to be necessary to carry out the amendments made by this section.

(3) Section 1135 of the Social Security Act is amended by adding at the end the following new subsection:

“(c) The Secretary shall develop, in consultation with the Senate Committee on Finance and the Committee on Ways and Means of the House of Representatives, proposals for legislation which would provide that hospitals, skilled nursing facilities, and, to the extent feasible, other providers, would be reimbursed under title XVIII of this Act on a prospective basis. The Secretary shall report such proposals to such committees not later than December 31, 1982.”.

(c)(1) Section 1814(b) of the Social Security Act is amended—

"(2)(A) For purposes of cost reimbursement, the Secretary shall recognize as a reasonable cost of a hospital or skilled nursing facility only that portion of the costs attributable to services rendered by a physician in such hospital or facility which are services described in paragraph (1)(B), apportioned on the basis of the amount of time actually spent by such physician rendering such services.

"(B) In determining the amount of the payments which may be made with respect to services described in paragraph (1)(B), after apportioning costs as required by subparagraph (A), the Secretary may not recognize as reasonable (in the efficient delivery of health services) such portion of the provider's costs for such services to the extent that such costs exceed the reasonable compensation equivalent for such services. #### ELIMINATION OF LESSER-OF-COST-OR-CHARGE PROVISION

SEC. 110. Section 1886 of the Social Security Act, as added by section 101(a)(1) of this subtitle, is amended by adding at the end the following new subsection:

*Ante*, p. 331.

"(d)(1) The lesser-of-cost-or-charges provisions (described in paragraph (2)) will not apply in the case of services provided by a class of provider of services if the Secretary determines and certifies to Congress that the failure of such provisions to apply to the services provided by that class of providers will not result in any increase in the amount of payments made for those services under this title. Such change will take effect with respect to services furnished, or cost reporting periods of providers, on or after such date as the Secretary shall provide in the certification. Such change for a class of provider shall be discontinued if the Secretary determines and notifies Congress that such change has resulted in an increase in the amount of payments made under this title for services provided by that class of provider.

"(2) The lesser-of-cost-or-charges provisions referred to in paragraph (1) are as follows:

"(A) Clause (B) of paragraph (1) and paragraph (2) of section 1814(b).

42 USC 1395f.

- 42 USC 1395l.           “(B) So much of subparagraph (A) of section 1833(a)(2) as provides for payment other than of the reasonable cost of such services, as determined under section 1861(v).  
 42 USC 1395x.           “(C) Subclause (II) of clause (i) and clause (ii) of section 1833(a)(2)(B).”.

Regulations.       (b) The Secretary of Health and Human Services shall first issue such final regulations (whether on an interim or other basis) as may be necessary to implement subsection (a) by October 1, 1982. If such regulations are promulgated on an interim final basis, the Secretary shall take such steps as may be necessary to provide opportunity for public comment, and appropriate revision based thereon, so as to provide that such regulations are not on an interim basis later than January 31, 1983.

SEC. 114. (a) Section 1876 of the Social Security Act is amended to read as follows:

42 USC  
1395mm.

#### “PAYMENTS TO HEALTH MAINTENANCE ORGANIZATIONS AND COMPETITIVE MEDICAL PLANS

“SEC. 1876. (a)(1)(A) The Secretary shall annually determine—

“(i) a per capita rate of payment for each class of individuals who are enrolled under this section with an eligible organization which has entered into a risk-sharing contract and who are entitled to benefits under part A and enrolled under part B, and

42 USC 1395c,  
1395j.

“(ii) a per capita rate of payment for each class of individuals who are so enrolled with such an organization and who are enrolled under part B only.

For purposes of this section, the term ‘risk-sharing contract’ means a contract entered into under subsection (g) and the term ‘reasonable cost reimbursement contract’ means a contract entered into under subsection (h).

Definitions.

“(B) The Secretary shall define appropriate classes of members, based on age, disability status, and such other factors as the Secretary determines to be appropriate, so as to ensure actuarial equivalence. The Secretary may add to, modify, or substitute for such classes, if such changes will improve the determination of actuarial equivalence.

“(C) The annual per capita rate of payment for each such class shall be equal to 95 percent of the adjusted average per capita cost (as defined in paragraph (4)) for that class.

“(D) In the case of an eligible organization with a risk-sharing contract, the Secretary shall make monthly payments in advance and in accordance with the rate determined under subparagraph (C) and except as provided in subsection (g)(2), to the organization for each individual enrolled with the organization under this section.

“(E) The amount of payment under this paragraph may be retroactively adjusted to take into account any difference between the actual number of individuals enrolled in the plan under this section and the number of such individuals estimated to be so enrolled in determining the amount of the advance payment.

“(2) With respect to any eligible organization which has entered into a reasonable cost reimbursement contract, payments shall be made to such plan in accordance with subsection (h)(2) rather than paragraph (1).

“(3) Payments under a contract to an eligible organization under paragraph (1) or (2) shall be instead of the amounts which (in the absence of the contract) would be otherwise payable, pursuant to sections 1814(b) and 1833(a), for services furnished by or through the organization to individuals enrolled with the organization under this section.

“(4) For purposes of this section, the term ‘adjusted average per capita cost’ means the average per capita amount that the Secretary estimates in advance (on the basis of actual experience, or retrospective actuarial equivalent based upon an adequate sample and other information and data, in a geographic area served by an eligible organization or in a similar area, with appropriate adjustments to assure actuarial equivalence) would be payable in any contract year for services covered under parts A and B, or part B only, and types of expenses otherwise reimbursable under parts A and B, or part B only (including administrative costs incurred by organizations described in sections 1816 and 1842), if the services were to be furnished by other than an eligible organization or, in the case of services covered only under section 1861(s)(2)(H), if the services were to be furnished by a physician or as an incident to a physician’s service.

“(5) The payment to an eligible organization under this section for individuals enrolled under this section with the organization and entitled to benefits under part A and enrolled under part B shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund. The portion of that payment to the organization for a month to be paid by the latter trust fund shall be equal to 200 percent of the sum of—

“(A) the product of (i) the number of such individuals for the month who have attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for the month as determined under section 1839(c)(1), and

“(B) the product of (i) the number of such individuals for the month who have not attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for the month as determined under section 1839(c)(4).

The remainder of that payment shall be paid by the former trust fund.

“(6) If an individual is enrolled under this section with an eligible organization having a risk-sharing contract, only the eligible organi-

zation shall be entitled to receive payments from the Secretary under this title for services furnished to the individual.

“(b) For purposes of this section, the term ‘eligible organization’ means a public or private entity (which may be a health maintenance organization or a competitive medical plan), organized under the laws of any State, which—

“Eligible organization.”

“(1) is a qualified health maintenance organization (as defined in section 1310(d) of the Public Health Service Act), or

42 USC 300e-9.

“(2) meets the following requirements:

“(A) The entity provides to enrolled members at least the following health care services:

“(i) Physicians’ services performed by physicians (as defined in section 1861(r)(1)).

42 USC 1395x.

“(ii) Inpatient hospital services.

“(iii) Laboratory, X-ray, emergency, and preventive services.

“(iv) Out-of-area coverage.

“(B) The entity is compensated (except for deductibles, coinsurance, and copayments) for the provision of health care services to enrolled members by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health care service actually provided to a member.

“(C) The entity provides physicians’ services primarily (i) directly through physicians who are either employees or partners of such organization, or (ii) through contracts with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

“(D) The entity assumes full financial risk on a prospective basis for the provision of the health care services listed in paragraph (1), except that such entity may—

“(i) obtain insurance or make other arrangements for the cost of providing to any enrolled member health care services listed in subparagraph (A) the aggregate value of which exceeds \$5,000 in any year,

“(ii) obtain insurance or make other arrangements for the cost of health care service listed in subparagraph (A) provided to its enrolled members other than through the entity because medical necessity required their provision before they could be secured through the entity,

“(iii) obtain insurance or make other arrangements for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for such fiscal year, and

“(iv) make arrangements with physicians or other health professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians or other health professionals or through the institutions.

“(E) The entity has made adequate provision against the risk of insolvency, which provision is satisfactory to the Secretary.

42 USC 1396.

Paragraph (2)(A)(ii) shall not apply to an entity which had contracted with a single State agency administering a State plan approved under title XIX for the provision of services (other than inpatient hospital services) to individuals eligible for such services under such State plan on a prepaid risk basis prior to 1970.

“(c)(1) The Secretary may not enter into a contract under this section with an eligible organization unless it meets the requirements of this subsection and subsection (e) with respect to members enrolled under this section.

42 USC 1301.

“(2) The organization must provide to members enrolled under this section, through providers and other persons that meet the applicable requirements of this title and part A of title XI—

42 USC 1395c,  
1395j.

“(A) only those services covered under parts A and B of this title, for those members entitled to benefits under part A and enrolled under part B, or

“(B) only those services covered under part B, for those members enrolled only under such part,

which are available to individuals residing in the geographic area served by the organization, except that (i) the organization may provide such members with such additional health care services as the members may elect, at their option, to have covered, and (ii) in the case of an organization with a risk-sharing contract, the organization may provide such members with such additional health care services as the Secretary may approve. The Secretary shall approve any such additional health care services which the organization proposes to offer to such members, unless the Secretary determines that including such additional services will substantially discourage enrollment by covered individuals with the organization.

“(3)(A) Each eligible organization must have an open enrollment period, for the enrollment of individuals under this section, of at least 30 days duration every year, and must provide that at any time during which enrollments are accepted, the organization will accept up to the limits of its capacity (as determined by the Secretary) and without restrictions, except as may be authorized in regulations, individuals who are eligible to enroll under subsection (d) in the order in which they apply for enrollment, unless to do so would result in failure to meet the requirements of subsection (f) or would result in the enrollment of enrollees substantially nonrepresentative, as determined in accordance with regulations of the Secretary, of the population in the geographic area served by the organization.

“(B) An individual may enroll under this section with an eligible organization in such manner as may be prescribed in regulations and may terminate his enrollment with the eligible organization as of the beginning of the first calendar month following a full calendar month after the request is made for such termination (or, in the case of financial insolvency of the organization, as may be prescribed by regulations) or, in the case of such an organization with a reasonable cost reimbursement contract, as may be prescribed by regulations.

“(C) The Secretary may prescribe the procedures and conditions under which an eligible organization that has entered into a contract with the Secretary under this subsection may inform individuals eligible to enroll under this section with the organization about the organization, or may enroll such individuals with the organization.

“(D) The organization must provide assurances to the Secretary that it will not expel or refuse to re-enroll any such individual

because of the individual's health status or requirements for health care services, and that it will notify each such individual of such fact at the time of the individual's enrollment.

"(4) The organization must—

"(A) make the services described in paragraph (2) (and such other health care services as such individuals have contracted for) (i) available and accessible to each such individual, within the area served by the organization, promptly as appropriate and in a manner which assures continuity, and (ii) when medically necessary, available and accessible twenty-four hours a day and seven days a week, and

"(B) provide for reimbursement with respect to services which are described in subparagraph (A) and which are provided to such an individual other than through the organization, if (i) the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition and (ii) it was not reasonable given the circumstances to obtain the services through the organization.

"(5)(A) The organization must provide meaningful procedures for hearing and resolving grievances between the organization (including any entity or individual through which the organization provides health care services) and members enrolled with the organization under this section.

"(B) A member enrolled with an eligible organization under this section who is dissatisfied by reason of his failure to receive any health service to which he believes he is entitled and at no greater charge than he believes he is required to pay is entitled, if the amount in controversy is \$100 or more, to a hearing before the Secretary to the same extent as is provided in section 205(b), and in any such hearing the Secretary shall make the eligible organization a party. If the amount in controversy is \$1,000 or more, the individual or eligible organization shall, upon notifying the other party, be entitled to judicial review of the Secretary's final decision as provided in section 205(g), and both the individual and the eligible organization shall be entitled to be parties to that judicial review.

42 USC 405.

"(6) The organization must have arrangements, established in accordance with regulations of the Secretary, for an ongoing quality assurance program for health care services it provides to such individuals, which program (A) stresses health outcomes and (B) provides review by physicians and other health care professionals of the process followed in the provision of such health care services.

"(d) Subject to the provisions of subsection (c)(3), every individual entitled to benefits under part A and enrolled under part B or enrolled under part B only (other than an individual medically determined to have end-stage renal disease) shall be eligible to enroll under this section with any eligible organization with which the Secretary has entered into a contract under this section and which serves the geographic area in which the individual resides.

42 USC 1395c,  
1395j.

"(e)(1) In no case may—

"(A) the portion of an eligible organization's premium rate and the actuarial value of its deductibles, coinsurance, and copayments charged (with respect to services covered under parts A and B) to individuals who are enrolled under this section with the organization and who are entitled to benefits under part A and enrolled under part B, or

"(B) the portion of its premium rate and the actuarial value of its deductibles, coinsurance, and copayments charged (with

respect to services covered under part B) to individuals who are enrolled under this section with the organization and enrolled under part B only

exceed the actuarial value of the coinsurance and deductibles that would be applicable on the average to individuals enrolled under this section with the organization (or, if the Secretary finds that adequate data are not available to determine that actuarial value, the actuarial value of the coinsurance and deductibles applicable on the average to individuals in the area, in the State, or in the United States, eligible to enroll under this section with the organization, or other appropriate data) and entitled to benefits under part A and enrolled under part B, or enrolled under part B only, respectively, if they were not members of an eligible organization.

42 USC 1395c,  
1395j.

“(2) If the eligible organization provides to its members enrolled under this section services in addition to services covered under parts A and B of this title, election of coverage for such additional services (unless such services have been approved by the Secretary under subsection (c)(2)) shall be optional for such members and such organization shall furnish such members with information on the portion of its premium rate or other charges applicable to such additional services. In no case may the sum of—

“(A) the portion of such organization’s premium rate charged, with respect to such additional services, to members enrolled under this section, and

“(B) the actuarial value of its deductibles, coinsurance, and copayments charged, with respect to such services to such members

exceed the adjusted community rate for such services.

“Adjusted  
community  
rate.”

“(3) For purposes of this section, the term ‘adjusted community rate’ for a service or services means, at the election of an eligible organization, either—

“Community  
rating system.”

“(A) the rate of payment for that service or services which the Secretary annually determines would apply to a member enrolled under this section with an eligible organization if the rate of payment were determined under a ‘community rating system’ (as defined in section 1302(8) of the Public Health Service Act, other than subparagraph (C)), or

95 Stat. 575.  
42 USC 300e-1.

“(B) such portion of the weighted aggregate premium, which the Secretary annually estimates would apply to a member enrolled under this section with the eligible organization, as the Secretary annually estimates is attributable to that service or services,

but adjusted for differences between the utilization characteristics of the members enrolled with the eligible organization under this section and the utilization characteristics of the other members of the organization (or, if the Secretary finds that adequate data are not available to adjust for those differences, the differences between the utilization characteristics of members in other eligible organizations, or individuals in the area, in the State, or in the United States, eligible to enroll under this section with an eligible organization and the utilization characteristics of the rest of the population in the area, in the State, or in the United States, respectively).

“(4) Notwithstanding any other provision of law, the eligible organization may (in the case of the provision of services to a member enrolled under this section for an illness or injury for which the member is entitled to benefits under a workmen’s compensation law or plan of the United States or a State, under an automobile or

liability insurance policy or plan, including a self-insured plan, or under no fault insurance) charge or authorize the provider of such services to charge, in accordance with the charges allowed under such law or policy—

“(A) the insurance carrier, employer, or other entity which under such law, plan, or policy is to pay for the provision of such services, or

“(B) such member to the extent that the member has been paid under such law, plan, or policy for such services.

“(f)(1) Each eligible organization with which the Secretary enters into a contract under this section shall have, for the duration of such contract, an enrolled membership at least one-half of which consists of individuals who are not entitled to benefits under this title or under a State plan approved under title XIX.

42 USC 1396.  
Waiver.

“(2) The Secretary may modify or waive the requirement imposed by paragraph (1) only if the Secretary determines that—

“(A) special circumstances warrant such modification or waiver, and

“(B) the eligible organization has taken and is making reasonable efforts to enroll individuals who are not entitled to benefits under this title or under a State plan approved under title XIX.

“(g)(1) The Secretary may enter a risk-sharing contract with any eligible organization, as defined in subsection (b)(1), which has at least 5,000 members, except that the Secretary may enter into such a contract with an eligible organization that has fewer members if the organization primarily serves members residing outside of urbanized areas.

Risk-sharing  
contract.

“(2) Each risk-sharing contract shall provide that—

Provisions.

“(A) if the adjusted community rate, as defined in subsection (e)(3), for services under parts A and B (as reduced for the actuarial value of the coinsurance and deductibles under those parts) for members enrolled under this section with the organization and entitled to benefits under part A and enrolled in part B, or

42 USC 1395c,  
1395j.

“(B) if the adjusted community rate for services under part B (as reduced for the actuarial value of the coinsurance and deductibles under that part) for members enrolled under this section with the organization and entitled to benefits under part B only

is less than the average of the per capita rates of payment to be made under subsection (a)(1) at the beginning of an annual contract period for members enrolled under this section with the organization and entitled to benefits under part A and enrolled in part B, or enrolled in part B only, respectively, the eligible organization shall provide to members enrolled under a risk-sharing contract under this section with the organization and entitled to benefits under part A and enrolled in part B, or enrolled in part B only, respectively, the additional benefits described in paragraph (3) which are selected by the eligible organization and which the Secretary finds are at least equal in value to the difference between that average per capita payment and the adjusted community rate (as so reduced); except that this paragraph shall not apply with respect to any organization which elects to receive a lesser payment to the extent that there is no longer a difference between the average per capita payment and adjusted community rate (as so reduced). If the Secretary finds that there is insufficient enrollment experience to determine an average of the per capita rates of payment to be made under subsection (a)(1)

at the beginning of a contract period, the Secretary may determine such an average based on the enrollment experience of other contracts entered into under this section.

“(3) The additional benefits referred to in paragraph (2) are—

“(A) the reduction of the premium rate or other charges made with respect to services furnished by the organization to members enrolled under this section, or

“(B) the provision of additional health benefits,

or both.

“(h)(1) If—

“(A) the Secretary is not satisfied that an eligible organization has the capacity to bear the risk of potential losses under a risk-sharing contract under this section, or

“(B) the eligible organization so elects or has an insufficient number of members to be eligible to enter into a risk-sharing contract under subsection (g)(1),

the Secretary may, if he is otherwise satisfied that the eligible organization is able to perform its contractual obligations effectively and efficiently, enter into a contract with such organization pursuant to which such organization is reimbursed on the basis of its reasonable cost (as defined in section 1861(v)) in the manner prescribed in paragraph (3).

42 USC 1395x.

“(2) A reasonable cost reimbursement contract under this subsection may, at the option of such organization, provide that the Secretary—

“(A) will reimburse hospitals and skilled nursing facilities either for the reasonable cost (as determined under section 1861(v)) or for payment amounts determined in accordance with section 1886, as applicable, of services furnished to individuals enrolled with such organization pursuant to subsection (d), and

*Ante*, p. 331.

“(B) will deduct the amount of such reimbursement from payment which would otherwise be made to such organization.

If such an eligible organization pays a hospital or skilled nursing facility directly, the amount paid shall not exceed the reasonable cost of the services (as determined under section 1861(v)) or the amount determined under section 1886, as applicable, unless such organization demonstrates to the satisfaction of the Secretary that such excess payments are justified on the basis of advantages gained by the organization.

“(3) Payments made to an organization with a reasonable cost reimbursement contract shall be subject to appropriate retroactive corrective adjustment at the end of each contract year so as to assure that such organization is paid for the reasonable cost actually incurred (excluding any part of incurred cost found to be unnecessary in the efficient delivery of health services) or the amounts otherwise determined under section 1886 for the types of expenses otherwise reimbursable under this title for providing services covered under this title to individuals described in subsection (a)(1).

“(4) Any reasonable cost reimbursement contract with an eligible organization under this subsection shall provide that the Secretary shall require, at such time following the expiration of each accounting period of the eligible organization (and in such form and in such detail) as he may prescribe—

“(A) that the organization report to him in an independently certified financial statement its per capita incurred cost based on the types of components of expenses otherwise reimbursable under this title for providing services described in subsection

(a)(1), including therein, in accordance with accounting procedures prescribed by the Secretary, its methods of allocating costs between individuals enrolled under this section and other individuals enrolled with such organization;

“(B) that failure to report such information as may be required may be deemed to constitute evidence of likely overpayment on the basis of which appropriate collection action may be taken;

“(C) that in any case in which an eligible organization is related to another organization by common ownership or control, a consolidated financial statement shall be filed and that the allowable costs for such organization may not include costs for the types of expense otherwise reimbursable under this title, in excess of those which would be determined to be reasonable in accordance with regulations (providing for limiting reimbursement to costs rather than charges to the eligible organization by related organizations and owners) issued by the Secretary; and

Filing of a consolidated financial statement.

“(D) that in any case in which compensation is paid by an eligible organization substantially in excess of what is normally paid for similar services by similar practitioners (regardless of method of compensation), such compensation may as appropriate be considered to constitute a distribution of profits.

Distribution of profits.

“(i)(1) Each contract under this section shall be for a term of at least one year, as determined by the Secretary, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term; except that the Secretary may terminate any such contract at any time (after such reasonable notice and opportunity for hearing to the eligible organization involved as he may provide in regulations), if he finds that the organization—

“(A) has failed substantially to carry out the contract,

“(B) is carrying out the contract in a manner inconsistent with the efficient and effective administration of this section, or

“(C) no longer substantially meets the applicable conditions of subsections (b), (c), and (e).

“(2) The effective date of any contract executed pursuant to this section shall be specified in the contract.

“(3) Each contract under this section—

“(A) shall provide that the Secretary, or any person or organization designated by him—

“(i) shall have the right to inspect or otherwise evaluate (I) the quality, appropriateness, and timeliness of services performed under the contract and (II) the facilities of the organization when there is reasonable evidence of some need for such inspection, and

“(ii) shall have the right to audit and inspect any books and records of the eligible organization that pertain (I) to the ability of the organization to bear the risk of potential financial losses, or (II) to services performed or determinations of amounts payable under the contract;

“(B) shall require the organization with a risk-sharing contract to provide (and pay for) written notice in advance of the contract's termination, as well as a description of alternatives for obtaining benefits under this title, to each individual enrolled under this section with the organization; and

- 42 USC 300e-17. “(C) shall require the organization to comply with subsections (a) and (c) of section 1318 of the Public Health Service Act (relating to disclosure of certain financial information) and with the requirement of section 1301(c)(8) of such Act (relating to liability arrangements to protect members); and
- 42 USC 300e. “(D) shall contain such other terms and conditions not inconsistent with this section (including requiring the organization to provide the Secretary with such information) as the Secretary may find necessary and appropriate.
- “(4) The Secretary may not enter into a risk-sharing contract with an eligible organization if a previous risk-sharing contract with that organization under this section was terminated at the request of the organization within the preceding five-year period, except in circumstances which warrant special consideration, as determined by the Secretary.
- “(5) The authority vested in the Secretary by this section may be performed without regard to such provisions of law or regulations relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the furtherance of the purpose of this title.”.
- 42 USC 1395x. (b) Section 1861(s)(2) of the Social Security Act is amended—
- (1) by striking out “and” at the end of subparagraph (F);
- (2) by inserting “and” after the semicolon in subparagraph (G); and
- (3) by adding after subparagraph (G) the following new subparagraph:
- “(H) services furnished pursuant to a contract under section 1876 to a member of an eligible organization by a physician assistant or by a nurse practitioner (as defined in subsection (aa)(3)) and such services and supplies furnished as an incident to his service to such a member as would otherwise be covered under this part if furnished by a physician or as an incident to a physician’s service;”.

- (i) the individual requests at any time that the amendment apply, or
- (ii) the Secretary determines at any time that the amendment should apply to all members of the organization because of administrative costs or other administrative burdens involved and so informs in advance each affected member of the eligible organization;

“(2)(A) Except as provided in subparagraphs (B) and (C) and except in such exceptional and unusual circumstances as the Secretary may provide, if an individual makes such an election for a period with respect to a particular hospice program, the individual shall be deemed to have waived all rights to have payment made under this title with respect to—

“(ii) the individual may at any time after the revocation execute a new election for a subsequent period, if the individual otherwise is entitled to hospice care benefits with respect to such a period.

“(C) An individual may, once in each such period, change the hospice program with respect to which the election is made and such change shall not be considered a revocation of an election under subparagraph (B).

“(i)(1) Subject to the limitation under paragraph (2) and the provisions of section 1813(a)(4), the amount paid to a hospice program with respect to hospice care for which payment may be made under this part shall be an amount equal to the costs which are reasonable and related to the cost of providing hospice care or which are based on such other tests of reasonableness as the Secretary may prescribe in regulations (including those authorized under section 1861(v)(1)(A)), except that no payment may be for bereavement counseling and no reimbursement may be made for other counseling services (including nutritional and dietary counseling) as separate services.

“(2)(A) The amount of payment made under this part for hospice care provided by (or under arrangements made by) a hospice program located in a region (as defined by the Secretary) for an accounting year may not exceed the ‘cap amount’ for the region for the year (computed under subparagraph (B)) multiplied by the number of medicare beneficiaries in the hospice program in that year (determined under subparagraph (C)).

“Cap amount.”

“(B) For purposes of subparagraph (A), the ‘cap amount’ for a region for a year is computed as follows:

“(i) The Secretary, using records of the program under this title, shall identify individuals (or a representative sample of such individuals)—

“(I) who died during the base period (as defined in clause (v)),

“(II) with respect to whom the primary cause of death was cancer, and

“(III) who, during the six-month period preceding death, were provided benefits under this title.

“(iii) The Secretary, using the best available data, shall then compute a regional average medicare per capita expenditure amount for each region, by adjusting the national average medicare per capita expenditure amount (computed under clause (ii)) to reflect the relative difference between that region’s average cost of delivering health care and the national average cost of delivering health care.

“Cap amount.”

“(iv) The ‘cap amount’ for a region for an accounting year is 40 percent of the regional average determined under clause (iii) for that region, increased or decreased by the same percentage as the percentage increase or decrease, respectively, in the medical care expenditure category of the consumer price index for all urban consumers (U.S. city average), published by the

Bureau of Labor Statistics, from the fourth month of the base period to the fifth month of the accounting year.

“(v) For purposes of this subparagraph, the term ‘base period’ means the most recent period of 12 months (ending before the date proposed regulations are first issued to carry out this paragraph) for which the Secretary determines he has sufficient data to make the determinations required under clauses (i) through (iii).”

“Base period.”

“(C) For purposes of subparagraph (A), the ‘number of medicare beneficiaries’ in a hospice program in an accounting year is equal to the number of individuals who have made an election under subsection (d) with respect to the hospice program and have been provided hospice care by (or under arrangements made by) the hospice program under this part in the accounting year, such number reduced to reflect the proportion of hospice care that each such individual was provided in a previous or subsequent accounting year or under a plan of care established by another hospice program.”

“Number of medicare beneficiaries.”

(3) Section 1816(e) of such Act is amended by adding at the end thereof the following new paragraph:

42 USC 1395h.

“(5) Notwithstanding any other provision of this title, the Secretary shall designate the agency or organization which has entered into an agreement under this section to perform functions under such an agreement with respect to each hospice program, except that with respect to a hospice program which is a subdivision of a provider of services (and such hospice program and provider of services are under common control) due regard shall be given to the agency or organization which performs the functions under this section for the provider of services.”

(d)(1) Section 1861(u) of the Social Security Act is amended by inserting “hospice program,” after “home health agency,”.

42 USC 1395x.

(2) Section 1861(w)(1) of such Act is amended by striking out “or home health agency” and by inserting in lieu thereof “home health agency, or hospice program”.

The care and services described in subparagraphs (A) and (D) may be provided on a 24-hour, continuous basis only during periods of crisis (meeting criteria established by the Secretary) and only as necessary to maintain the terminally ill individual at home.

“Hospice program.”

“(2) The term ‘hospice program’ means a public agency or private organization (or a subdivision thereof) which—

"(ii) If the State plan provides for a period of ineligibility under clause (i), such plan—

"(II) may provide (at the option of the State) that, in the case where the uncompensated value of the home is more than the average amount payable under the State plan as medical assistance for 24 months of care in a skilled nursing facility, such individual shall be ineligible for all medical assistance for a period in excess of 24 months after the date on which he disposed of such home which bears a reasonable relationship (based upon the average amount payable under the State plan as medical assistance for care in a skilled nursing facility) to the uncompensated value of the home.

"(iii) An individual shall not be ineligible for medical assistance by reason of clause (ii) if—

#### LIMITATION OF FEDERAL FINANCIAL PARTICIPATION IN ERRONEOUS MEDICAL ASSISTANCE EXPENDITURES

SEC. 133. (a) Section 1903 of the Social Security Act is amended by adding at the end thereof the following new subsection: 42 USC 1396b.

“(u)(1)(A) Notwithstanding subsection (a)(1), if the ratio of a State’s erroneous excess payments for medical assistance (as defined in subparagraph (D)) to its total expenditures for medical assistance under the State plan approved under this title exceeds 0.03, for the period consisting of the third and fourth quarters of fiscal year 1983, or for any full fiscal year thereafter, then the Secretary shall make no payment for such period or fiscal year with respect to so much of such erroneous excess payments as exceeds such allowable error rate of 0.03.

“(B) The Secretary may waive, in certain limited cases, all or part of the reduction required under subparagraph (A) with respect to any State if such State is unable to reach the allowable error rate for a period or fiscal year despite a good faith effort by such State. Waiver.

“(C) In estimating the amount to be paid to a State under subsection (d), the Secretary shall take into consideration the limitation on Federal financial participation imposed by subparagraph (A) and shall reduce the estimate he makes under subsection (d)(1), for purposes of payment to the State under subsection (d)(3), in light of any expected erroneous excess payments for medical assistance (estimated in accordance with such criteria, including sampling procedures, as he may prescribe and subject to subsequent adjustment, if necessary, under subsection (d)(2)).

“(D)(i) For purposes of this subsection, the term ‘erroneous excess payments for medical assistance’ means the total of—

“Erroneous excess payments for medical assistance.”

“(I) payments under the State plan with respect to ineligible individuals and families, and

“(II) overpayments on behalf of eligible individuals and families by reason of error in determining the amount of expenditures for medical care required of an individual or family as a condition of eligibility.

“(ii) In determining the amount of erroneous excess payments for medical assistance to an ineligible individual or family under clause (i)(I), if such ineligibility is the result of an error in determining the amount of the resources of such individual or family, the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment with respect to such individual or family, or (II) the

difference between the actual amount of such resources and the allowable resource level established under the State plan.

“(iii) In determining the amount of erroneous excess payments for medical assistance to an individual or family under clause (i)(II), the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment on behalf of the individual or family, or (II) the difference between the actual amount incurred for medical care by the individual or family and the amount which should have been incurred in order to establish eligibility for medical assistance.

“(E) For purposes of subparagraph (D), there shall be excluded, in determining both erroneous excess payments for medical assistance and total expenditures for medical assistance—

“(i) payments with respect to any individual whose eligibility therefor was determined exclusively by the Secretary under an agreement pursuant to section 1634 and such other classes of individuals as the Secretary may by regulation prescribe whose eligibility was determined in part under such an agreement; and

“(ii) payments made as the result of a technical error.

“(2) The State agency administering the plan approved under this title shall, at such times and in such form as the Secretary may specify, provide information on the rates of erroneous excess payments made (or expected, with respect to future periods specified by the Secretary) in connection with its administration of such plan, together with any other data he requests that are reasonably necessary for him to carry out the provisions of this subsection.

“(3)(A) If a State fails to cooperate with the Secretary in providing information necessary to carry out this subsection, the Secretary, directly or through contractual or such other arrangements as he may find appropriate, shall establish the error rates for that State on the basis of the best data reasonably available to him and in accordance with such techniques for sampling and estimating as he finds appropriate.

“(B) In any case in which it is necessary for the Secretary to exercise his authority under subparagraph (A) to determine a State's error rates for a fiscal year, the amount that would otherwise be payable to such State under this title for quarters in such year shall be reduced by the costs incurred by the Secretary in making (directly or otherwise) such determination.

“(4) This subsection shall not apply with respect to Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, or American Samoa.”

(b) The amendment made by subsection (a) shall become effective on the date of the enactment of this Act.

(c) No provision of law limiting Federal financial participation with respect to erroneous payments made by States under a State plan approved under title XIX of the Social Security Act (including any provision contained in, or incorporated by reference into, any appropriation Act or resolution making continuing appropriations), other than the limitations contained in section 1903 of such Act, shall be effective with respect to payments to States under such section 1903 for quarters beginning on or after October 1, 1982, unless such provision of law is enacted after the date of the date of the enactment of this Act and expressly provides that such limitation is in addition to or in lieu of the limitations contained in section 1903 of the Social Security Act.

42 USC 1395y.

“(g) The Secretary shall, in making the determinations under paragraphs (1) and (9) of subsection (a), and for the purposes of promoting the effective, efficient, and economical delivery of health care services, and of promoting the quality of services of the type for which payment may be made under this title, enter into contracts with utilization and quality control peer review organizations pursuant to part B of title XI of this Act.”.

42 USC 1320c.

## ESTABLISHMENT OF UTILIZATION AND QUALITY CONTROL PEER REVIEW PROGRAM

SEC. 143. Part B of title XI of the Social Security Act is amended to read as follows:

**“PART B—PEER REVIEW OF THE UTILIZATION AND QUALITY OF HEALTH CARE SERVICES****“PURPOSE**

42 USC 1320c.      “SEC. 1151. The purpose of this part is to establish the contracting process which the Secretary must follow pursuant to the requirements of section 1862(g) of this Act, including the definition of the utilization and quality control peer review organizations with which the Secretary shall contract, the functions such peer review organizations are to perform, the confidentiality of medical records, and related administrative matters to facilitate the carrying out of the purposes of this part.

42 USC 1395y.

**“DEFINITION OF UTILIZATION AND QUALITY CONTROL PEER REVIEW ORGANIZATION**

42 USC 1320c-1      “SEC. 1152. The term ‘utilization and quality control peer review organization’ means an entity which—

““(1)(A) is composed of a substantial number of the licensed doctors of medicine and osteopathy engaged in the practice of medicine or surgery in the area and who are representative of the practicing physicians in the area, designated by the Secretary under section 1153, with respect to which the entity shall perform services under this part, or (B) has available to it, by arrangement or otherwise, the services of a sufficient number of licensed doctors of medicine or osteopathy engaged in the practice of medicine or surgery in such area to assure that adequate peer review of the services provided by the various medical specialties and subspecialties can be assured; and

““(2) is able, in the judgment of the Secretary, to perform review functions required under section 1154 in a manner consistent with the efficient and effective administration of this part and to perform reviews of the pattern of quality of care in an area of medical practice where actual performance is measured against objective criteria which define acceptable and adequate practice.

**“CONTRACTS WITH UTILIZATION AND QUALITY CONTROL PEER REVIEW ORGANIZATIONS**

42 USC 1320c-2.      “SEC. 1153. (a)(1) The Secretary shall establish throughout the United States geographic areas with respect to which contracts under this part will be made. In establishing such areas, the Secretary shall use the same areas as established under section 1152 of this Act as in effect immediately prior to the date of the enactment of the Peer Review Improvement Act of 1982, but subject to the provisions of paragraph (2).

““(2) As soon as practicable after the date of the enactment of the Peer Review Improvement Act of 1982, the Secretary shall consoli-

date such geographic areas, taking into account the following criteria:

“(A) Each State shall generally be designated as a geographic area for purposes of paragraph (1).

“(B) The Secretary shall establish local or regional areas rather than State areas only where the volume of review activity or other relevant factors (as determined by the Secretary) warrant such an establishment, and the Secretary determines that review activity can be carried out with equal or greater efficiency by establishing such local or regional areas. In applying this subparagraph the Secretary shall take into account the number of hospital admissions within each State for which payment may be made under title XVIII or a State plan approved under title XIX, with any State having fewer than 180,000 such admissions annually being established as a single statewide area, and no local or regional area being established which has fewer than 60,000 total hospital admissions (including public and private pay patients) under review annually, unless the Secretary determines that other relevant factors warrant otherwise.

42 USC 1395.

42 USC 1396.

“(C) No local or regional area shall be designated which is not a self-contained medical service area, having a full spectrum of services, including medical specialists’ services.

“(b)(1) The Secretary shall enter into a contract with a utilization and quality control peer review organization for each area established under subsection (a) if a qualified organization is available in such area and such organization and the Secretary have negotiated a proposed contract which the Secretary determines will be carried out by such organization in a manner consistent with the efficient and effective administration of this part. If more than one such qualified organization meets the requirements of the preceding sentence, priority shall be given to any such organization which is described in section 1152(1)(A).

“(2)(A) During the first twelve months in which the Secretary is entering into contracts under this section, the Secretary shall not enter into a contract under this part with any entity which is, or is affiliated with (through management, ownership, or common control), an entity which directly or indirectly makes payments to any practitioner or provider whose health care services are reviewed by such entity or would be reviewed by such entity if it entered into a contract with the Secretary under this part.

“(B) If, after the expiration of the twelve-month period referred to in subparagraph (A), the Secretary determines that there is no other entity available for an area with which the Secretary can enter into a contract under this part, the Secretary may then enter into a contract under this part with an entity described in subparagraph (A) for such area if such entity otherwise meets the requirements of this part.

“(3) The Secretary shall not enter into a contract under this part with any entity which is, or is affiliated with (through management, ownership, or common control), a health care facility, or association of such facilities, within the area served by such entity or which would be served by such entity if it entered into a contract with the Secretary under this part.

“(c) Each contract with an organization under this section shall provide that—

"(1) the organization shall perform the functions set forth in section 1154(a), or may subcontract for the performance of all or some of such functions (and for purposes of paragraphs (2) and (3) of subsection (b), a subcontract under this paragraph shall not constitute an affiliation with the subcontractor);

"(2) the Secretary shall have the right to evaluate the quality and effectiveness of the organization in carrying out the functions specified in the contract;

"(3) the contract shall be for an initial term of two years and shall be renewable on a biennial basis thereafter;

"(4) if the Secretary intends not to renew a contract, he shall notify the organization of his decision at least 90 days prior to the expiration of the contract term, and shall provide the organization an opportunity to present data, interpretations of data, and other information pertinent to its performance under the contract, which shall be reviewed in a timely manner by the Secretary;

"(5) the organization may terminate the contract upon 90 days notice to the Secretary;

"(6) the Secretary may terminate the contract prior to the expiration of the contract term upon 90 days notice to the organization if the Secretary determines that—

"(A) the organization does not substantially meet the requirements of section 1152; or

"(B) the organization has failed substantially to carry out the contract or is carrying out the contract in a manner inconsistent with the efficient and effective administration of this part, but only after such organization has had an opportunity to submit data and have such data reviewed by the panel established under subsection (d);

"(7) the Secretary shall include in the contract negotiated objectives against which the organization's performance will be judged, and negotiated specifications for use of regional norms, or modifications thereof based on national norms, for performing review functions under the contract; and

"(8) reimbursement shall be made to the organization in accordance with the terms of the contract.

"(d)(1) Prior to making any termination under subsection (c)(5)(B), the Secretary must provide the organization with an opportunity to provide data, interpretations of data, and other information pertinent to its performance under the contract. Such data and other information shall be reviewed in a timely manner by a panel appointed by the Secretary, and the panel shall submit a report of its findings to the Secretary in a timely manner. The Secretary shall make a copy of the report available to the organization.

"(2) The Secretary may accept or not accept the findings of the panel. After the panel has submitted a report with respect to an organization, the Secretary may, with the concurrence of the organization, amend the contract to modify the scope of the functions to be carried out by the organization, or in any other manner. The Secretary may terminate a contract under the authority of subsection (c)(5)(C) upon 90 days notice after the panel has submitted a report, or earlier if the organization so agrees.

"(3) A panel appointed by the Secretary under this subsection shall consist of not more than five individuals, each of whom shall be a member of a utilization and quality control peer review organization having a contract with the Secretary under this part. While

serving on such panel individuals shall be paid at a per diem rate not to exceed the current per diem equivalent at the time that service on the panel is rendered for grade GS-18 under section 5332 of title 5, United States Code. Appointments shall be made without regard to title 5, United States Code.

“(e) Contracting authority of the Secretary under this section may be carried out without regard to any provision of law relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the purposes of this part. The Secretary may use different contracting methods with respect to different geographical areas.

“(f) Any determination by the Secretary to terminate or not to renew a contract under this section shall not be subject to judicial review.

#### “FUNCTIONS OF PEER REVIEW ORGANIZATIONS

“SEC. 1154. (a) Any utilization and quality control peer review organization entering into a contract with the Secretary under this part must perform the following functions: 42 USC 1320c-3.

“(1) The organization shall review some or all of the professional activities in the area, subject to the terms of the contract, of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under title XVIII for the purpose of determining whether— 42 USC 1395.

“(A) such services and items are or were reasonable and medically necessary or otherwise allowable under section 1862(a)(1);

“(B) the quality of such services meets professionally recognized standards of health care; and

“(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided more economically on an outpatient basis or in an inpatient health care facility of a different type.

“(2) The organization shall determine, on the basis of the review carried out under subparagraphs (A) and (C) of paragraph (1), whether payment shall be made for services under title XVIII. Such determination shall constitute the conclusive determination on those issues for purposes of payment under title XVIII, except that payment may be made if—

“(A) such payment is allowed by reason of section 1879;

“(B) in the case of inpatient hospital services or posthospital extended care services, the peer review organization determines that additional time is required in order to arrange for postdischarge care, but payment may be continued under this subparagraph for not more than two days, but only in the case where the provider of such services did not know (as determined under section 1879) that payment would not otherwise be made for such services under title XVIII prior to notification by the organization under paragraph (3); 42 USC 1395pp.

“(C) such determination is changed as the result of any hearing or review of the determination under section 1155; or

42 USC 1395x.

“(D) such payment is authorized under section 1861(v)(1)(G).

“(3) Whenever the organization makes a determination that any health care services or items furnished or to be furnished to a patient by any practitioner or provider are disapproved, the organization shall promptly notify such practitioner or provider, such patient, and the agency or organization responsible for the payment of claims under title XVIII of this Act. In the case of practitioners and providers of services, the organization shall provide an opportunity for discussion and review of the determination.

“(4) The organization shall, after consultation with the Secretary, determine the types and kinds of cases (whether by type of health care or diagnosis involved, or whether in terms of other relevant criteria relating to the provision of health care services) with respect to which such organization will, in order to most effectively carry out the purposes of this part, exercise review authority under the contract. The organization shall notify the Secretary periodically with respect to such determinations.

“(5) The organization shall consult with nurses and other professional health care practitioners (other than physicians described in section 1861(r)(1)) and with representatives of institutional and noninstitutional providers of health care services, with respect to the organization's responsibility for the review under paragraph (1) of the professional activities of such practitioners and providers.

“(6) The organization shall, consistent with the provisions of its contract under this part, apply professionally developed norms of care, diagnosis, and treatment based upon typical patterns of practice within the geographic area served by the organization as principal points of evaluation and review, taking into consideration national norms where appropriate. Such norms with respect to treatment for particular illnesses or health conditions shall include—

“(A) the types and extent of the health care services which, taking into account differing, but acceptable, modes of treatment and methods of organizing and delivering care, are considered within the range of appropriate diagnosis and treatment of such illness or health condition, consistent with professionally recognized and accepted patterns of care; and

“(B) the type of health care facility which is considered, consistent with such standards, to be the type in which health care services which are medically appropriate for such illness or condition can most economically be provided.

“(7) The organization, to the extent necessary and appropriate to the performance of the contract, shall—

“(A) make arrangements to utilize the services of persons who are practitioners of, or specialists in, the various areas of medicine (including dentistry), or other types of health care, which persons shall, to the maximum extent practicable, be individuals engaged in the practice of their profession within the area served by such organization;

“(B) undertake such professional inquiries either before or after, or both before and after, the provision of services with respect to which such organization has a responsibility for review which in the judgment of such organization will facilitate its activities;

“(C) examine the pertinent records of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1); and

“(D) inspect the facilities in which care is rendered or services are provided (which are located in such area) of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1).

“(8) The organization shall perform such duties and functions and assume such responsibilities and comply with such other requirements as may be required by this part or under regulations of the Secretary promulgated to carry out the provisions of this part.

“(9) The organization shall collect such information relevant to its functions, and keep and maintain such records, in such form as the Secretary may require to carry out the purposes of this part, and shall permit access to and use of any such information and records as the Secretary may require for such purposes, subject to the provisions of section 1160.

*Post*, p. 391.

“(10) The organization shall coordinate activities, including information exchanges, which are consistent with economical and efficient operation of programs among appropriate public and private agencies or organizations including—

“(A) agencies under contract pursuant to sections 1816 and 1842 of this Act;

42 USC 1395h,  
1395u.

“(B) other peer review organizations having contracts under this part; and

“(C) other public or private review organizations as may be appropriate.

“(11) The organization shall make available its facilities and resources for contracting with private and public entities paying for health care in its area for review, as feasible and appropriate, of services reimbursed by such entities.

“(b)(1) No physician shall be permitted to review—

“(A) health care services provided to a patient if he was directly responsible for providing such services; or

“(B) health care services provided in or by an institution, organization, or agency, if he or any member of his family has, directly or indirectly, a significant financial interest in such institution, organization, or agency.

“(2) For purposes of this subsection, a physician's family includes only his spouse (other than a spouse who is legally separated from him under a decree of divorce or separate maintenance), children (including legally adopted children), grandchildren, parents, and grandparents.

“(c) No utilization and quality control peer review organization shall utilize the services of any individual who is not a duly licensed doctor of medicine, osteopathy, or dentistry to make final determinations of denial decisions in accordance with its duties and functions under this part with respect to the professional conduct of any other duly licensed doctor of medicine, osteopathy, or dentistry, or

Where the reconsideration is adverse to the beneficiary and where the matter in controversy is \$200 or more, such beneficiary shall be entitled to a hearing by the Secretary (to the same extent as is provided in section 205(b)), and, where the amount in controversy is \$2,000 or more, to judicial review of the Secretary's final decision.

42 USC 405.

“OBLIGATIONS OF HEALTH CARE PRACTITIONERS AND PROVIDERS OF HEALTH CARE SERVICES; SANCTIONS AND PENALTIES; HEARINGS AND REVIEW

42 USC 1320c-5.

“SEC. 1156. (a) It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who provides health care services for which payment may be made (in whole or in part) under title XVIII, to assure, to the extent of his authority that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under such title—

“(1) will be provided economically and only when, and to the extent, medically necessary;

“(2) will be of a quality which meets professionally recognized standards of health care; and

“(3) will be supported by evidence of medical necessity and quality in such form and fashion and at such time as may reasonably be required by a reviewing peer review organization in the exercise of its duties and responsibilities.

“(b)(1) If after reasonable notice and opportunity for discussion with the practitioner or person concerned, any organization having a contract with the Secretary under this part determines that such practitioner or person has—

“(A) failed in a substantial number of cases substantially to comply with any obligation imposed on him under subsection (a), or

“(B) grossly and flagrantly violated any such obligation in one or more instances,

such organization shall submit a report and recommendations to the Secretary. If the Secretary agrees with such determination, and determines that such practitioner or person, in providing health care services over which such organization has review responsibility and for which payment (in whole or in part) may be made under title XVIII, has demonstrated an unwillingness or a lack of ability substantially to comply with such obligations, the Secretary (in addition to any other sanction provided under law) may exclude (permanently or for such period as the Secretary may prescribe) such practitioner or person from eligibility to provide such services on a reimbursable basis. If the Secretary fails to act upon the recommendations submitted to him by such organization within 120

days after such submission, such practitioner or person shall be excluded from eligibility to provide services on a reimbursable basis until such time as the Secretary determines otherwise.

"(2) A determination made by the Secretary under this subsection to exclude a practitioner or person shall be effective at such time and upon such reasonable notice to the public and to the practitioner or person furnishing the services involved as may be specified in regulations. Such determination shall be effective with respect to services furnished to an individual on or after the effective date of such determination (except that in the case of institutional health care services such determination shall be effective in the manner provided in title XVIII with respect to terminations of provider agreements), and shall remain in effect until the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

"(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or person to provide such health care services on a reimbursable basis) such practitioner or person pays to the United States, in case such acts or conduct involved the provision or ordering by such practitioner or person of health care services which were medically improper or unnecessary, an amount not in excess of the actual or estimated cost of the medically improper or unnecessary services so provided. Such amount may be deducted from any sums owing by the United States (or any instrumentality thereof) to the practitioner or person from whom such amount is claimed.

"(4) Any practitioner or person furnishing services described in paragraph (1) who is dissatisfied with a determination made by the Secretary under this subsection shall be entitled to reasonable notice and opportunity for a hearing thereon by the Secretary to the same extent as is provided in section 205(b), and to judicial review of the Secretary's final decision after such hearing as is provided in section 205(g).

42 USC 405.

"(c) It shall be the duty of each utilization and quality control peer review organization to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such review organization, in assuring that each practitioner or person (referred to in subsection (a)) providing health care services in such area shall comply with all obligations imposed on him under subsection (a).

“(c) No doctor of medicine or osteopathy and no provider (including directors, trustees, employees, or officials thereof) of health care services shall be civilly liable to any person under any law of the United States or of any State (or political subdivision thereof) on account of any action taken by him in compliance with or reliance upon professionally developed norms of care and treatment applied by an organization under contract pursuant to section 1153 operating in the area where such doctor of medicine or osteopathy or provider took such action; but only if—

“(1) he takes such action in the exercise of his profession as a doctor of medicine or osteopathy or in the exercise of his functions as a provider of health care services; and

“(2) he exercised due care in all professional conduct taken or directed by him and reasonably related to, and resulting from, the actions taken in compliance with or reliance upon such professionally accepted norms of care and treatment.

“(d) The Secretary shall make payment to an organization under contract with him pursuant to this part, or to any member or employee thereof, or to any person who furnishes legal counsel or services to such organization, in an amount equal to the reasonable amount of the expenses incurred, as determined by the Secretary, in connection with the defense of any suit, action, or proceeding brought against such organization, member, or employee related to the performance of any duty or function under such contract by such organization, member, or employee.

“(I) the total production costs (other than direct material costs and other than interest excluded by regulations prescribed by the Secretary) incurred by the electing corporation in the possession in producing units of that product sold or otherwise disposed of during the taxable year by the affiliated group to persons who are not members of the affiliated group are not less than 25 percent of the difference between (a) the gross receipts from sales or other dispositions during the taxable year by the affiliated group to persons who are not members of the affiliated group of such units of the product produced, in whole or in part, by the electing corporation in the possession, and (b) the direct material costs of the purchase of materials for such

units of that product by all members of the affiliated group from persons who are not members of the affiliated group; or

“(II) no less than 65 percent of the direct labor costs of the affiliated group for units of the product produced during the taxable year in whole or in part by the electing corporation or for the type of service rendered by the electing corporation during the taxable year, is incurred by the electing corporation and is compensation for services performed in the possession; or

Notwithstanding satisfaction of one of the foregoing tests, an electing corporation shall not be treated as having a significant business presence in a possession with respect to a product produced in whole or in part by the electing corporation in the possession, for purposes of an election to use the method specified in subparagraph (C)(ii), unless such product is manufactured or produced in the possession by the electing corporation within the meaning of subsection (d)(1)(A) of section 954.

26 USC 954.

“(iii) SPECIAL RULES.—

“(I) An electing corporation which produces a product or renders a type of service in a possession on the date of the enactment of this clause is not required to meet the significant business presence test in a possession with respect to such product or type of service for its taxable years beginning before January 1, 1986.

“(II) For purposes of this subparagraph, the costs incurred by an electing corporation or any other member of the affiliated group in connection with contract manufacturing by a person other than a member of the affiliated group, or in connection with a similar arrangement thereto, shall be treated as direct labor costs of the affiliated group and shall not be treated as production costs incurred by the electing corporation in the possession or as direct material costs or as compensation for services performed in the possession, except to the extent as may be otherwise provided in regulations prescribed by the Secretary.

“(iv) REGULATIONS.—The Secretary may prescribe regulations setting forth:

“(I) an appropriate transitional (but not in excess of three taxable years) significant business pres-

“(C) **METHODS OF COMPUTATION OF TAXABLE INCOME.**—If an election of one of the following methods is in effect pursuant to subparagraph (F) with respect to a product or type of service, an electing corporation shall compute its income derived from the active conduct of a trade or business in a possession with respect to such product or type of service in accordance with the method which is elected.

“(i) **COST SHARING.**—

“(I) **PAYMENT OF COST SHARING.**—If an election of this method is in effect, the electing corporation must make a payment for its share of the cost (if any) of product area research which is paid or accrued by the affiliated group during that taxable year. Such share shall not be less than the same proportion of the cost of such product area research which the amount of ‘possession sales’ bears to the amount of ‘total sales’ of the affiliated group. The cost of product area research paid or accrued solely by the electing corporation in a taxable year (excluding amounts paid directly or indirectly to or on behalf of related persons and excluding amounts paid under any cost sharing agreements with related persons) will reduce (but not below zero) the amount of the electing corporation’s cost sharing payment under this method for that year.

“(a) **PRODUCT AREA RESEARCH.**—For purposes of this section, the term ‘product area research’ includes (notwithstanding any provision to the contrary) the research, development and experimental costs, losses, expenses and other related deductions—including amounts paid or accrued for the performance of research or similar activities by another person; qualified research expenses within the meaning of section 44F(b); amounts paid or accrued for the use of, or the right to use, research or any of the items specified in subsection (h)(3)(B)(i); and a proper allowance for amounts incurred for the acquisition of any of the items specified in subsection (h)(3)(B)(i)—

which are properly apportioned or allocated to the same product area as that in which the electing corporation conducts its activities, and a ratable part of any such costs, losses, expenses and other deductions which cannot definitely be allocated to a particular product area.

“(b) **AFFILIATED GROUP.**—For purposes of this subsection, the term ‘affiliated group’ shall mean the electing corporation and all other organizations, trades or businesses (whether or not incorporated, whether or not organized in the United States, and whether or not affiliated) owned or controlled directly or indirectly by the same interests, within the meaning of section 482.

“(c) **POSSESSION SALES.**—For purposes of this section, the term ‘possession sales’ means the aggregate sales or other dispositions for the taxable year to persons who are not members of the affiliated group by members of the affiliated group of products produced, in whole or in part, by the electing corporation in the possession which are in the same product area as is used for determining the amount of product area research, and of services rendered, in whole or in part, in the possession in such product area to persons who are not members of the affiliated group.

“(d) **TOTAL SALES.**—For purposes of this section, the term ‘total sales’ means the aggregate sales or other dispositions for the taxable year to persons who are not members of the affiliated group by members of the affiliated group of all products in the same product area as is used for determining the amount of product area research, and of services rendered in such product area to persons who are not members of the affiliated group.

“(e) **PRODUCT AREA.**—For purposes of this section, the term ‘product area’ shall be defined by reference to the three-digit classification of the Standard Industrial Classification code. The Secretary may provide for the aggregation of two or more three-digit classifications where appropriate, and for a classification system other than the Standard Industrial Classification code in appropriate cases.

“(II) **EFFECT OF ELECTION.**—For purposes of determining the amount of its gross income derived from the active conduct of a trade or business in a possession with respect to a product produced by, or type of service rendered by, the electing corporation for a taxable year, if an election of this method is in effect, the electing corporation shall be treated as the owner (for purposes of obtaining a return thereon) of intangible property described in

subsection (h)(3)(B)(i) which is related to the units of the product produced, or type of service rendered, by the electing corporation. Such electing corporation shall not be treated as the owner (for purposes of obtaining a return thereon) of any intangible property described in subsection (h)(3)(B)(ii) through (v) (to the extent not described in subsection (h)(3)(B)(i)) or of any other nonmanufacturing intangible. Notwithstanding the preceding sentence, an electing corporation shall be treated as the owner (for purposes of obtaining a return thereon) of (a) intangible property which was developed solely by such corporation in a possession and is owned by such corporation, (b) intangible property described in subsection (h)(3)(B)(i) acquired by such corporation from a person who was not related to such corporation (or to any person related to such corporation) at the time of, or in connection with, such acquisition, and (c) any intangible property described in subsection (h)(3)(B)(ii) through (v) (to the extent not described in subsection (h)(3)(B)(i)) and other nonmanufacturing intangibles which relate to sales of units of products, or services rendered, to unrelated persons for ultimate consumption or use in the possession in which the electing corporation conducts its trade or business.

“(III) PAYMENT PROVISIONS.—

“(a) The cost sharing payment determined under subparagraph (C)(i)(I) for any taxable year shall be made to the person or persons specified in subparagraph (C)(i)(IV)(a) not later than the time prescribed by law for filing the electing corporation’s return for such taxable year (including any extensions thereof). If all or part of such payment is not timely made, the amount of the cost sharing payment required to be paid shall be increased by the amount of interest that would have been due under section 6601(a) had the portion of the cost sharing payment that is not timely made been an amount of tax imposed by this title and had the last date prescribed for payment been the due date of the electing corporations return (determined without regard to any extension thereof). The amount by which a cost sharing payment determined under subparagraph (C)(i)(I) is increased by reason of the preceding sentence shall not be treated as a cost sharing payment or as interest. If failure to make timely payment is due in whole or in part to fraud or willful neglect, the electing corporation shall be deemed to have revoked the election made under subparagraph (A) on the first day of the taxable year for which the cost sharing payment was required.

26 USC 6601.

“(b) For purposes of this title, any tax of a foreign country or possession of the United States which is paid or accrued with respect to the payment or receipt of a cost sharing payment determined under subparagraph (C)(i)(I) or of an amount of increase referred to in subparagraph (C)(i)(III)(a) shall not be treated as income, war profits, or excess profits taxes paid or accrued to a foreign country or possession of the United States, and no deduction shall be allowed under this title with respect to any amounts of such tax so paid or accrued.

“(IV) SPECIAL RULES.—

“(a) The amount of the cost sharing payment determined under subparagraph (C)(i)(I), and any increase in the amount thereof in accordance with subparagraph (C)(i)(III)(a), shall not be treated as income of the recipient, but shall reduce the amount of the deductions (and the amount of reductions in earnings and profits) otherwise allowable to the appropriate domestic member or members (other than an electing corporation) of the affiliated group, or, if there is no such domestic member, to the foreign member or members of such affiliated group as the Secretary may provide under regulations.

“(b) If an election of this method is in effect, the electing corporation shall determine its intercompany pricing under the appropriate section 482 method, provided, however, that an electing corporation shall not be denied use of the resale price method for purposes of such intercompany pricing merely because the reseller adds more than an insubstantial amount to the value of the product by the use of intangible property.

“(c) The amount of qualified research expenses, within the meaning of section 44F, of any member of the controlled group of corporations (as defined in section 44F(f)) of which the electing corporation is a member shall not be affected by the cost sharing payment required under this method.

26 USC 482.

95 Stat. 241.

“(II) COMPUTATION OF COMBINED TAXABLE INCOME.—Combined taxable income shall be computed separately for each product produced or type of service rendered, in whole or in part, by the electing corporation in a possession. Combined taxable income shall be computed (notwithstanding any provision to the contrary) for each such product or type of service rendered by deducting from the gross income of the affiliated group (other than foreign affiliates) derived from covered sales of such product or type of service all expenses, losses, and other deductions properly apportioned or allocated to gross income from such sales or services, and a ratable part of all expenses, losses, or other deductions which cannot definitely be allocated to some item or class of gross income, which are incurred by the affiliated group (other than foreign affiliates). Notwithstanding any other provision to the contrary, in computing the combined taxable income for each such product or type of service rendered, the research, development, and experimental costs, expenses and related deductions for the taxable year which would otherwise be apportioned or allocated to the gross income of the affiliated group (other than foreign affiliates) derived from covered sales of such product produced or type of service rendered, in whole or in part, by the electing corporation in a possession, shall not be less than the same proportion of the amount of the share of product area research determined under subparagraph (C)(i)(I) (without regard to the third sentence thereof) in the product area which includes such product or type of service, that such gross income from the product or type of service bears to such gross income from all products produced and types of service rendered, in whole or part, by the electing corporation in a possession.

“(III) DIVISION OF COMBINED TAXABLE INCOME.—50 percent of the combined taxable income computed as provided in subparagraph (C)(ii)(II) shall be allocated to the electing corporation. Combined taxable income, computed without regard to the last sentence of subparagraph (C)(ii)(II), less the amount allocated to the electing corporation under the preceding sentence, shall be allocated to the appropriate domestic member or members (other than any electing corporation) of the affiliated group and shall be treated as income from sources within the United States, or, if there is no such domestic member, to a foreign member or members of such affiliated group as the Secretary may provide under regulations.

If an election of one of such methods is made, such election shall be binding on the electing corporation and such method must be used for each taxable year thereafter until such election is revoked by the electing corporation under subparagraph (F)(iii). “(II) All electing corporations in the same affiliated group that produce any products or render any services in the same product area may elect, subject to such terms and conditions as the Secretary may prescribe by regulations, to compute their taxable income from export sales under a different method from that used for all other sales and services. For this purpose, export sales means all sales by the electing corporation of products to foreign persons for use or consumption outside the United States and its possessions, provided such products are manufactured or produced in the pos-

A partner shall not be entitled to any notice under this subsection unless the Secretary has received (at least 30 days before it is mailed to the tax matters partner) sufficient information to enable the Secretary to determine that such partner is entitled to such notice and to provide such notice to such partner.

“(b) SPECIAL RULES FOR PARTNERSHIP WITH MORE THAN 100 PARTNERS.—

An indirect partner is bound by any such agreement entered into by the pass-thru partner unless the indirect partner has been identified as provided in section 6223(c)(3).

“(2) OTHER PARTNERS HAVE RIGHT TO ENTER INTO CONSISTENT AGREEMENTS.—If the Secretary enters into a settlement agreement with any partner with respect to partnership items for any partnership taxable year, the Secretary shall offer to any other partner who so requests settlement terms for the partnership taxable year which are consistent with those contained in such settlement agreement. Except in the case of an election under paragraph (2) or (3) of section 6223(e) to have a settlement agreement described in this paragraph apply, this paragraph shall apply with respect to a settlement agreement entered into with a partner before notice of a final partnership administrative adjustment is mailed to the tax matters partner only if such other partner makes the request before the expiration of 150 days after the day on which such notice is mailed to the tax matters partner.

“(1) IN ORDER TO BE PARTY TO ACTION.—Subsection (c) shall not apply to a partner after the day on which—

“(A) the partnership items of such partner for the partnership taxable year became nonpartnership items by reason of 1 or more of the events described in subsection (b) of section 6231, or

“(B) the period within which any tax attributable to such partnership items may be assessed against that partner expired.

“(1) IN GENERAL.—A readjustment petition under this section may be filed in a district court of the United States or the Claims Court only if the partner filing the petition deposits with the Secretary, on or before the day the petition is filed, the amount by which the tax liability of the partner would be increased if the treatment of partnership items on the partner's return were made consistent with the treatment of partnership items on the partnership return, as adjusted by the final partnership administrative adjustment. In the case of a petition filed by a 5-percent group, the requirement of the preceding sentence shall apply to each member of the group. The court may by order provide that the jurisdictional requirements of this paragraph are satisfied where there has been a good faith attempt to satisfy such requirements and any shortfall in the amount required to be deposited is timely corrected.

“(2) REFUND ON REQUEST.—If an action brought in a district court of the United States or in the Claims Court is dismissed by reason of the priority of a Tax Court action under paragraph (2) of subsection (b), the Secretary shall, at the request of the partner who made the deposit, refund the amount deposited under paragraph (1).

#### SEC. 507. APPORTIONMENT OF FUNDS.

49 USC 2206.

(a) **APPORTIONMENT.**—On the first day of each fiscal year for which any amount is authorized to be obligated for the purposes of section 505 of this title, the amount made available for that year under such section and not previously apportioned shall be apportioned by the Secretary as follows:

##### (1) PRIMARY AIRPORTS.—

(A) To the sponsor of each primary airport, as follows:

(i) \$6 for each of the first fifty thousand passengers enplaned at that airport;

(ii) \$4 for each of the next fifty thousand passengers enplaned at that airport;

(iii) \$2 for each of the next four hundred thousand passengers enplaned at that airport; and

(iv) \$0.50 for each additional passenger enplaned at that airport.

(B) In each of the fiscal years 1984 through 1987, the Secretary shall apportion an amount to the sponsor of each primary airport in addition to whatever amount is apportioned to such airport under the formula set forth in subparagraph (A). The additional apportionment shall be calculated by determining the amount such airport is to be apportioned under the formula in subparagraph (A) and then increasing that amount by 10 percent for fiscal year 1984, 20 percent for fiscal year 1985, 25 percent for fiscal year 1986, and 30 percent for fiscal year 1987.

(C) The Secretary shall not apportion less than \$200,000 nor more than \$12,500,000 under this paragraph to an airport sponsor for any primary airport for any fiscal year.

(D) In no event shall the total amount of all apportionments under this paragraph for any fiscal year exceed 50 percent of the amount authorized to be obligated for such fiscal year for the purposes of section 505 of this title. In any case in which an apportionment would be reduced by the preceding sentence, the Secretary shall for such fiscal year reduce the apportionment to each sponsor of a primary airport under this paragraph proportionately so that such 50 percent amount is achieved.

(E) If any Act of Congress has the effect of limiting or reducing the amount authorized or available to be obligated for any fiscal year for the purposes of section 505 of this title, the total amount of all apportionments under this paragraph for such fiscal year shall not exceed 50 percent of such limited or reduced amount. In any case in which an apportionment would be reduced by the preceding sentence, the Secretary shall for such fiscal year reduce the apportionment to each sponsor of a primary airport under this paragraph proportionately so that such 50 percent amount is achieved.

(2) APPORTIONMENTS TO STATES.—To the States, there shall be apportioned for each of the fiscal years beginning after September 30, 1981, and ending before October 1, 1987, 12 percent of the amount made available under section 505 for such fiscal year, as follows:

(A) INSULAR AREAS.—For airports other than primary airports, one percent of such amounts to Guam, American Samoa, the Government of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and the Virgin Islands.

(B) STATES.—For airports other than primary airports and other than airports described in section 508(d)(3), one-half of the remaining 99 per centum to the States (other than those to which subparagraph (A) of this paragraph applies) in the proportion which the population of each such State bears to the total population of all such States and one-half of the remaining 99 per centum to the States (other than those to which subparagraph (A) of this paragraph applies) in the proportion which the area of each such State bears to the total area of all such States. As used in this

paragraph, the term "population" means the population according to the latest decennial census of the United States and the term "area" includes both land and water.

(3) **DISCRETIONARY FUND.**—Any amounts not apportioned under paragraphs (1), (2), and (4) of this subsection shall constitute a discretionary fund to be distributed at the discretion of the Secretary (subject to the limitations set forth in section 508(d) of this title) for such grants for any of the purposes for which funds are made available under section 505 as the Secretary considers most appropriate for carrying out the purposes of this title.

(4) Notwithstanding any other provision of this subsection, for any fiscal year for which funds are made available under section 505 of this title the Secretary may apportion funds for airports in the State of Alaska in the same manner in which funds were apportioned in fiscal year 1980 under section 15(a) of the Airport and Airway Development Act of 1970. In no event shall the total amount apportioned for such airports under this paragraph for any fiscal year be less than the minimum amounts that were required to be apportioned to such airports in fiscal year 1980 under section 15(a)(3)(A) of such Act. In no event shall a primary airport be apportioned less under this paragraph for a fiscal year than it would be apportioned for such fiscal year under paragraph (1) of this subsection. In no event shall the amount of funds apportioned under this paragraph which are expended at any commercial service airport in the State of Alaska during a fiscal year exceed 110 percent of the amount apportioned to such airport for such fiscal year. Nothing in this paragraph shall be construed as prohibiting the Secretary from making additional project grants to airports in the State of Alaska from the discretionary fund established in paragraph (3) of this subsection.

*Post*, p. 695.

(b) **PASSENGERS ENPLANED.**—For purposes of determining apportionments for any fiscal year under paragraph (1) of subsection (a) of this section, the number of passengers enplaned at an airport shall be based on the number of passengers enplaned at such airport during the preceding calendar year.

**SEC. 508. USE OF APPORTIONED AND DISCRETIONARY FUNDS; MISCELLANEOUS CONDITIONS.**

49 USC 2207.

(a) **DURATION OF AVAILABILITY OF APPORTIONED AMOUNTS.**—Each amount apportioned under paragraph (1), (2), or (4) of section 507(a) of this title shall be available for obligation under such apportionment during the fiscal year for which it was first authorized to be obligated and the two fiscal years immediately following. Any amount so apportioned which has not been obligated within such time shall be added to the discretionary fund established by section 507(a)(3) of this title.

(b) **TRANSFER OF CERTAIN APPORTIONMENTS OF PRIMARY AIRPORTS.**—(1) Funds apportioned to a sponsor under section 507(a)(1) of this title may be used for any of the purposes for which funds are made available under section 505 at any public-use airport of such sponsor which is in the national plan of integrated airport systems.

(2) A sponsor may enter into an agreement with the Secretary whereby the sponsor waives receipt of all or part of the funds apportioned to it under such section on the condition that the Secretary make the waived amount available for any of the purposes

for which funds are made available under section 505 to the sponsor of another public-use airport which is a part of the same State or geographical area as the airport of the sponsor making the waiver.

(c) **STATES.**—Funds apportioned to a State under section 507(a)(2) shall be available for any of the purposes for which funds are made available under section 505 to airports described in section 507(a)(2) which are located in such State. Each sponsor of such an airport may apply to the Secretary for grants from funds apportioned to such State.

(d) **GENERAL LIMITATIONS.**—(1) Not less than 10 percent of the funds made available under section 505 for any fiscal year shall be distributed to reliever airports during such fiscal year.

(2) Not less than 8 percent of the funds made available under section 505 for any fiscal year shall be obligated during such fiscal year (A) for airport noise compatibility planning under section 103(b) of the Aviation Safety and Noise Abatement Act of 1979 and for carrying out noise compatibility programs or parts thereof under section 104(c) of such Act, and (B) in the case of fiscal year 1982, for any of the purposes set forth in section 505(c) of this title.

(3) Not less than 5.5 percent of the funds made available under section 505 for any fiscal year shall be distributed during such fiscal year to—

(A) commercial service airports which are not primary airports,

(B) public airports (other than commercial service airports) which were eligible for Federal assistance from funds apportioned under section 15(a)(3) of the Airport and Airway Development Act of 1970, and to which section 15(a)(3)(A)(I) of such Act applied during fiscal year 1981, and

(C) public airports (other than commercial service airports) which were eligible for Federal assistance from funds apportioned under section 15(a)(3) of the Airport and Airway Development Act of 1970, and to which section 15(a)(3)(A)(II) of such Act applied during fiscal year 1981.

No amounts obligated from the funds apportioned under paragraph (4) of section 507(a) shall be counted as part of the 5.5 percent required to be distributed under this paragraph for each fiscal year.

(4) Not less than one percent of the funds made available under section 505 for any fiscal year shall be distributed to planning agencies for the purpose of integrated airport system planning during such fiscal year.

(5) If the Secretary determines that he will not be able to distribute the amount of funds required to be distributed under paragraph (1), (2), (3), or (4) of this subsection for any fiscal year because the number of qualified applications submitted in compliance with this title is insufficient to meet such amount, the portion of such amount the Secretary determines will not be distributed shall be available for obligation during such fiscal year for other airports and for other purposes authorized by section 505 of this title.

#### **SEC. 509. SUBMISSION AND APPROVAL OF PROJECT GRANT APPLICATIONS.**

(a) **SUBMISSION.**—(1) Subject to the provisions of this subsection, (A) any public agency, or two or more public agencies acting jointly, or (B) any sponsor of a public-use airport, or two or more such sponsors acting jointly, may submit to the Secretary a project grant application for one or more projects, in a form and containing such

49 USC 2208.

information as the Secretary may prescribe, setting forth the project proposed to be undertaken. No project grant application shall propose airport development or airport planning except in connection with public-use airports included in the current national plan of integrated airport systems prepared pursuant to section 504 of this title. Nothing in this subsection shall authorize the submission of a project grant application by any public agency which is subject to the law of any State if the submission of such application by the public agency is prohibited by the law of that State. All proposed airport development shall be in accordance with standards established or approved by the Secretary, including, but not limited to, standards for site location, airport layout, site preparation, paving, lighting, and safety of approaches.

(2) Notwithstanding any provision of this title, the sponsor of any airport may submit a project-grant application for airport development (including noise compatibility projects) to the Secretary within 180 days after the date of enactment of this title, and the Secretary may incur obligations to fund such projects, in accordance with the provisions of this title, from funds available for obligation pursuant to section 507(a), if—

(A) a project-grant application or preapplication for such project was submitted to the Secretary before September 30, 1980; or

(B) the project was carried out after September 30, 1980, and before the date of enactment of this title.

(b) APPROVAL.—(1) No project grant application may be approved by the Secretary unless the Secretary is satisfied that—

(A) the project is reasonably consistent with plans (existing at the time of approval of the project) of public agencies authorized by the State in which such airport is located to plan for the development of the area surrounding the airport and will contribute to the accomplishment of the purposes of this title;

(B) sufficient funds are available for that portion of the project costs which are not to be paid by the United States under this title;

(C) the project will be completed without undue delay;

(D) the sponsor which submitted the project grant application has legal authority to engage in the project as proposed; and

(E) all project sponsorship requirements prescribed by or under the authority of this title have been or will be met.

(2) No project grant application for airport development may be approved by the Secretary unless the sponsor, a public agency, or the United States or an agency thereof holds good title, satisfactory to the Secretary, to the landing area of the airport or site therefor, or gives assurance satisfactory to the Secretary that good title will be acquired.

(3) No project grant application for airport development may be approved by the Secretary which does not include provision for (A) land required for the installation of approach light systems; (B) touchdown zone and centerline runway lighting; or (C) high intensity runway lighting, when it is determined by the Secretary that any such item is required for the safe and efficient use of the airport by aircraft, taking into account the type and volume of traffic utilizing the airport.

(4) No project grant application for airport development may be approved unless the Secretary is satisfied that fair consideration has

been given to the interest of communities in or near which the project may be located.

(5) It is declared to be national policy that airport development projects authorized pursuant to this title shall provide for the protection and enhancement of the natural resources and the quality of the environment of the Nation. In implementing this policy, the Secretary shall consult with the Secretary of the Interior and the Administrator of the Environmental Protection Agency with regard to any project included in a project grant application involving airport location, a major runway extension, or runway location which may have a significant impact on natural resources including, but not limited to, fish and wildlife, natural, scenic, and recreation assets, water and air quality, and other factors affecting the environment, and shall authorize no such project found to have significant adverse effect unless the Secretary shall render a finding, in writing, following a full and complete review, which shall be a matter of public record, that no feasible and prudent alternative exists and that all reasonable steps have been taken to minimize such adverse effect.

(6)(A) No project grant application for airport development involving the location of an airport, an airport runway, or a major runway extension may be approved by the Secretary unless the sponsor of the project certifies to the Secretary that there has been afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with the goals and objectives of such planning as has been carried out by the community.

(B) When hearings are held under subparagraph (A) of this paragraph, the project sponsor shall, when requested by the Secretary, submit a copy of the transcript to the Secretary.

(7)(A) No project grant application for a project involving airport location, a major runway extension, or runway location may be approved unless the Governor of the State in which such project is to be located certifies in writing to the Secretary that there is reasonable assurance that the project will be located, designed, constructed, and operated so as to comply with applicable air and water quality standards. In any case where such standards have not been approved and where applicable air and water quality standards have been promulgated by the Administrator of the Environmental Protection Agency, certification shall be obtained from such Administrator. Notice of certification or refusal to certify shall be provided within sixty days after the project application has been received by the Secretary.

(B) The Secretary shall condition approval of any such project grant application on compliance during construction and operation with applicable air and water quality standards.

(8) Notwithstanding any other provision of law, the Secretary may approve an application for an airport development project (other than an airport development project to which paragraph (7)(A) applies) at an existing airport without requiring the preparation of an environmental impact statement with respect to noise for such project if—

(A) completion of the project would allow existing aircraft operations at the airport that involve aircraft that do not comply with the noise standards prescribed for "stage 2" aircraft in section 36.1 of title 14, Code of Federal Regulations, to

be replaced by aircraft operations involving aircraft that do comply with such standards; and

(B) the project complies with all other statutory and administrative requirements imposed under this title.

(9) In establishing priorities for the distribution of funds available pursuant to section 507 of this title, the Secretary may give priority to approval of projects that are consistent with integrated airport system plans.

(c) **STATE STANDARDS.**—The Secretary is authorized to approve standards, other than standards for safety of approaches, established by a State for airport development at public-use airports in such State which are not primary airports, and, upon such approval, such State standards shall be the standards applicable to such airports in lieu of any comparable standard established under subsection (a) of this section. State standards approved under this subsection may be revised from time to time, as the State or the Secretary determines necessary, subject to approval of such revisions by the Secretary.

(d) **ACCEPTANCE OF CERTIFICATION.**—The Secretary is authorized in connection with any project to require a certification from a sponsor that such sponsor will comply with all of the statutory and administrative requirements imposed on such sponsor under this title in connection with such project. Acceptance by the Secretary of a certification from a sponsor may be rescinded by the Secretary at any time. Nothing in this subsection shall affect or discharge any responsibility or obligation of the Secretary under any other Federal law, including, but not limited to, the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), section 4(f) of the Department of Transportation Act (49 U.S.C. 1652), title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000b), title VIII of the Act of April 11, 1968 (42 U.S.C. 3601 et seq.), and the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 et seq.).

49 USC 1653.  
42 USC 2000d.

(e) **REQUIREMENT OF NOTICE.**—Each sponsor to which funds are apportioned under section 507(a)(1) of this title shall notify the Secretary, by such time and in a form containing such information as the Secretary may prescribe, of the fiscal year in which it intends to apply, by project grant application, for such funds. If a sponsor does not provide such notification, the Secretary may defer approval of any application for such funds until the fiscal year immediately following the fiscal year in which such application is submitted.

#### SEC. 510. UNITED STATES SHARE OF PROJECT COSTS.

49 USC 2209.

(a) **GENERAL PROVISION.**—Except as otherwise provided in this title, the United States share of allowable project costs payable on account of any project contained in an approved project grant application submitted in accordance with this title shall be 90 percent of the allowable project costs.

(b) **PROJECTS AT CERTAIN PRIMARY AIRPORTS.**—In the case of primary airports enplaning 0.25 percent or more of the total number of passengers enplaned annually at all commercial service airports, the United States share of allowable project costs payable on account of any project contained in an approved project grant application shall be 75 per centum of the allowable project costs.

(c) **PROJECTS IN PUBLIC LAND STATES.**—In the case of any State containing unappropriated and unreserved public lands and nontaxable Indian lands (individual and tribal) exceeding 5 percent of the

total area of all lands therein, the United States share under subsection (a) or (b) shall be increased by whichever is the smaller of the following percentages thereof: (1) 25 percent, or (2) a percentage equal to one-half of the percentage that the area of all such lands in that State is of its total area. In no event shall such United States share, as increased by this subsection, exceed the greater of (A) the percentage share determined under subsection (a) or (b) of this section, or (B) the percentage share applying on June 30, 1975, as determined under subsection 17(b) of the Airport and Airway Development Act of 1970.

*Post*, p. 695.

49 USC 2210.

**SEC. 511. PROJECT SPONSORSHIP.**

(a) **SPONSORSHIP.**—As a condition precedent to approval of an airport development project contained in a project grant application submitted under this title, the Secretary shall receive assurances, in writing, satisfactory to the Secretary, that—

(1) the airport to which the project relates will be available for public use on fair and reasonable terms and without unjust discrimination, including the requirement that (A) each air carrier using such airport (whether as a tenant, nontenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rates, fees, rentals, and other charges and such nondiscriminatory and substantially comparable rules, regulations, and conditions as are applicable to all such air carriers which make similar use of such airport and which utilize similar facilities, subject to reasonable classifications such as tenants or nontenants, and combined passenger and cargo flights or all cargo flights, and such classification or status as tenant shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on tenant air carriers, and (B) each fixed-based operator at any airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport utilizing the same or similar facilities, and (C) each air carrier using such airport shall have the right to service itself or to use any fixed-base operator that is authorized by the airport or permitted by the airport to serve any air carrier at such airport;

(2) there will be no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of services at an airport by a single fixed-based operator shall not be construed as an exclusive right if it would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and if allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport;

(3) the airport and all facilities thereon or connected therewith will be suitably operated and maintained, with due regard to climatic and flood conditions;

(4) the aerial approaches to the airport will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards

and by preventing the establishment or creation of future airport hazards;

(5) appropriate action, including the adoption of zoning laws has been or will be taken, to the extent reasonable, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft;

(6) all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft will be available to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, of the cost of operating and maintaining the facilities used;

(7) the airport operator or owner will furnish without cost to the Federal Government for use in connection with any air traffic control or navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction at Federal expense of space or facilities for such purposes;

(8) all project accounts and records will be kept in accordance with a standard system of accounting prescribed by the Secretary after consultation with appropriate public agencies;

(9) the airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the airport as self-sustaining as possible under the circumstances existing at that particular airport, taking into account such factors as the volume of traffic and economy of collection, except that no part of the Federal share of an airport development or airport planning project for which a grant is made under this title or under the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate base in establishing fees, rates, and charges for users of that airport;

49 USC 1101  
note, *post*, p. 695.

(10) the airport operator or owner will submit to the Secretary such annual or special airport financial and operations reports as the Secretary may reasonably request;

(11) the airport and all airport records will be available for inspection by any duly authorized agent of the Secretary upon reasonable request;

(12) all revenues generated by the airport, if it is a public airport, will be expended for the capital or operating costs of the airport, the local airport system, or other local facilities which are owned or operated by the owner or operator of the airport and directly related to the actual transportation of passengers or property: *Provided, however*, That if covenants or assurances in debt obligations previously issued by the owner or operator of the airport, or provisions in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all other revenues generated by the airport shall not apply; and

(13) the airport operator or owner who receives a grant for the purchase of land for noise compatibility purposes which is conditioned on the disposal of the acquired land at the earliest practicable time will, subject to the retention or reservation of any interest or right therein necessary to insure that such land is used only for purposes which are compatible with the noise levels of the operation of the airport, use its best efforts to so dispose of such land. The proceeds of such dispositions shall be (A) refunded to the United States for the Trust Fund on a basis proportionate to the United States share of the cost of acquisition of such land, or (B) reinvested in an approved project, pursuant to such regulations as the Secretary shall prescribe.

(b) COMPLIANCE.—To insure compliance with this section, the Secretary shall prescribe such project sponsorship requirements, consistent with the terms of this title, as the Secretary considers necessary. Among other steps to insure such compliance, the Secretary is authorized to enter into contracts with public agencies on behalf of the United States. Whenever the Secretary obtains from a sponsor any area of land or water, or estate therein, or rights in buildings of the sponsor and constructs space or facilities thereon at Federal expense, the Secretary is authorized to relieve the sponsor from any contractual obligation entered into under this title, the Airport and Airway Development Act of 1970, or the Federal Airport Act to provide free space in airport buildings to the Federal Government to the extent the Secretary finds that space no longer required for the purposes set forth in paragraph (7) of subsection (a) of this section.

(c) CONSULTATION.—In making a decision to undertake any airport development project under this title, each sponsor of an airport shall undertake reasonable consultations with affected parties using the airport at which such project is proposed.

49 USC 1101  
note, *post*, p. 695.

49 USC 2211.

#### SEC. 512. GRANT AGREEMENTS.

(a) OFFER AND ACCEPTANCE.—Upon approving a project grant application, the Secretary, on behalf of the United States, shall transmit to the sponsor or sponsors of the application an offer to make a grant for the United States share of allowable project costs. An offer shall be made upon such terms and conditions as the Secretary considers necessary to meet the requirements of this title and any regulations prescribed thereunder. Each offer shall state a definite amount as the maximum obligation of the United States payable from funds authorized by this title, and shall stipulate the obligations to be assumed by the sponsor or sponsors. In any case where the Secretary approves a project grant application for a project which will not be completed in one fiscal year, the offer shall, upon request of the sponsor, provide for the obligation of funds apportioned or to be apportioned to the sponsor pursuant to section 507(a)(1) of this title for such fiscal years (including future fiscal years) as may be necessary to pay the United States share of the cost of such project. If and when an offer is accepted in writing by the sponsor, the offer and acceptance shall comprise an agreement constituting an obligation of the United States and of the sponsor. Unless and until an agreement has been executed, the United States may not pay, nor be obligated to pay, any portion of the costs which have been or may be incurred.

(b) MAXIMUM OBLIGATION OF THE UNITED STATES.—When an offer is accepted in writing by a sponsor, the amount stated in the offer as

the maximum obligation of the United States may not be increased, except that—

(1) in the case of any project for airport development (other than a project for land acquisition), the maximum obligation of the United States may be increased by not more than 10 percent; and

(2) in the case of any acquisition of land or interests in land, the maximum obligation of the United States may be increased by an amount not to exceed 50 percent of the total increase in allowable project costs attributable to such acquisition in land or interests therein, based upon current credible appraisals.

(c) Notwithstanding any other provision of law, in the case of grants made under the Airport and Airway Development Act of 1970 the maximum obligation of the United States may be increased by not more than 10 percent, and any such increase may be paid for only from funds recovered by the United States from other grants made under that Act.

*Post*, p. 695.

#### SEC. 513. PROJECT COSTS.

49 USC 2212.

(a) **ALLOWABLE PROJECT COSTS.**—Except as provided in section 514 of this title, the United States may not pay, or be obligated to pay, from amounts appropriated to carry out the provisions of this title, any portion of a project cost incurred in carrying out a project for airport development or airport planning unless the Secretary has first determined that the cost is allowable. A project cost is allowable if—

(1) it was a necessary cost incurred in accomplishing an approved project in conformity with the terms and conditions of the grant agreement entered into in connection with the project, including any costs incurred by a recipient in connection with any audit required by the Secretary pursuant to section 518(b) of this title;

(2) it was incurred subsequent to the execution of the grant agreement with respect to the project, and in connection with airport development or airport planning accomplished under the project after the execution of the agreement. However, the allowable costs of a project for airport development may include any necessary costs of formulating the project (including the costs of field surveys and the preparation of plans and specifications, the acquisition of land or interests therein or easements through or other interests in airspace, and any necessary administrative or other incidental costs incurred by the sponsor specifically in connection with the accomplishment of the project for airport development, which would not have been incurred otherwise) which were incurred prior to the execution of the grant agreement and subsequent to May 13, 1946, and the allowable costs of a project for airport planning may include any necessary and direct costs associated with developing the project work scope which were incurred subsequent to May 13, 1946;

(3) in the opinion of the Secretary it is reasonable in amount, and if the Secretary determines that a project cost is unreasonable in amount, the Secretary may allow as an allowable project cost only so much of such project cost as the Secretary determines to be reasonable, except that in no event may the Secretary allow project costs in excess of the definite amount stated

in the grant agreement except to the extent authorized by section 512(b); and

(4) it has not been incurred in any project for airport planning or airport development for which Federal assistance has been granted.

The Secretary is authorized to prescribe such regulations, including regulations with respect to the auditing of project costs, as the Secretary considers necessary to accomplish the purposes of this section.

(b) **TERMINAL DEVELOPMENT.**—(1) Notwithstanding any other provision of this title, upon certification by the sponsor of any commercial service airport that such airport has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under section 612 of the Federal Aviation Act of 1958 and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning or deplaning from aircraft other than air carrier aircraft, the Secretary may approve, as allowable project costs of a project for airport development at such airport, terminal development (including multimodal terminal development) in nonrevenue-producing public-use areas if such project cost is directly related to the movement of passengers and baggage in air commerce within the boundaries of the airport, including, but not limited to, vehicles for the movement of passengers between terminal facilities or between terminal facilities and aircraft.

(2) Not more than the greater of (A) \$200,000, or (B) 60 percent of the sums apportioned under section 507(a)(1) of this title to the sponsor of a primary airport for any fiscal year may be obligated for project costs allowable under paragraph (1) of this subsection. Not more than \$200,000 of the sums to be distributed at the discretion of the Secretary under section 507(a)(3) for any fiscal year may be used by the sponsor of a commercial service airport which is not a primary airport for project costs allowable under paragraph (1) of this subsection.

(3) Not more than \$25,000,000 may be obligated for project costs allowable under paragraph (1) of this subsection in any fiscal year at commercial service airports which were not eligible for assistance for terminal development during the fiscal year ending September 30, 1980, under section 20(b) of the Airport and Airway Development Act of 1970.

(4) Sums apportioned under section 507(a) and made available to the sponsor of an air carrier airport (within the meaning of section 11(1) of the Airport and Airway Development Act of 1970, as in effect immediately before the date of enactment of this paragraph) at which terminal development was carried out on or after July 1, 1970, and before July 12, 1976, shall be available, subject to the limitations contained in paragraph (2) of this subsection, for the immediate retirement of the principal of bonds or other evidences of indebtedness the proceeds of which were used for that part of the terminal development at such airport the cost of which would be allowable under paragraph (1) of this subsection if incurred after the effective date of this paragraph, subject to the following conditions:

(A) That such sponsor submit the certification required under paragraph (1) of this subsection.

49 USC 1432.

*Post*, p. 695.

*Post*, p. 695.

(B) That the Secretary determine that no project for airport development at such airport outside the terminal area will be deferred if such sums are used for such retirement.

(C) That no funds available for airport development under this title will be obligated for any project for additional terminal development at such airport for a period of three years beginning on the date any such sums are used for such retirement.

(5) Notwithstanding any other provisions of this title, the United States share of project costs allowable under paragraph (1) of this subsection shall not exceed 50 percent.

(6) The Secretary shall approve project costs allowable under paragraph (1) of this subsection under such terms and conditions as may be necessary to protect the interests of the United States.

(c) **COSTS NOT ALLOWED.**—Except as provided in subsection (b) of this section, the following are not allowable project costs: (1) the cost of construction of that part of an airport development project intended for use as a public parking facility for passenger automobiles; or (2) the cost of construction, alteration, or repair of a hangar or of any part of an airport building except such of those buildings or parts of buildings intended to house facilities or activities directly related to the safety of persons at the airport.

#### SEC. 514. PAYMENTS UNDER GRANT AGREEMENTS.

49 USC 2213.

The Secretary, after consultation with the sponsor with which a project grant agreement has been entered into, may determine the times and amounts in which payments shall be made under the terms of such agreement. Payments in an aggregate amount not to exceed 90 percent of the United States share of the total estimated allowable project costs may be made from time to time in advance of accomplishment of the airport project to which the payments relate, if the sponsor certifies to the Secretary that the aggregate expenditures to be made from the advance payments will not at any time exceed the cost of the airport development work which has been performed up to that time. If the Secretary determines that the aggregate amount of payments made under a project grant agreement at any time exceeds the United States share of the total allowable project costs, the United States shall be entitled to recover the excess. If the Secretary finds that any airport development to which the advance payments relate has not been accomplished within a reasonable time or the project is not completed, the United States may recover any part of the advance payment for which the United States received no benefit. Payments under a project grant agreement shall be made to the official or depository authorized by law to receive public funds and designated by the sponsor.

#### SEC. 515. PERFORMANCE OF CONSTRUCTION WORK.

49 USC 2214.

(a) **REGULATIONS.**—The construction work on any project for airport development contained in an approved project grant application submitted in accordance with this title shall be subject to inspection and approval by the Secretary and shall be in accordance with regulations prescribed by the Secretary. Such regulations shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary. No such regulation shall have the effect of altering any contract in connection with any project entered into without actual notice of the regulation.

(b) **MINIMUM RATES OF WAGES.**—All contracts in excess of \$2,000 for work on projects for airport development approved under this title which involve labor shall contain provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

(c) **VETERANS PREFERENCE.**—All contracts for work under project grants for airport development approved under this title which involve labor shall contain such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to veterans of the Vietnam era and disabled veterans. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates. For the purposes of this subsection—

(1) a Vietnam-era veteran is an individual who served on active duty as defined by section 101(21) of title 38 of the United States Code in the Armed Forces for a period of more than 180 consecutive days any part of which occurred during the period beginning August 5, 1964, and ending May 7, 1975, and who was separated from the Armed Forces under honorable conditions; and

(2) a disabled veteran is an individual described in section 2108(2) of title 5 of the United States Code.

49 USC 2215.

**SEC. 516. USE OF GOVERNMENT-OWNED LANDS.**

(a) **REQUESTS FOR USE.**—Subject to the provisions of subsection (c) of this section, whenever the Secretary determines that use of any lands owned or controlled by the United States is reasonably necessary for carrying out a project under this title at a public airport, or for the operation of any public airport, including lands reasonably necessary to meet future development of an airport in accordance with the national plan of integrated airport systems, the Secretary shall file with the head of the department or agency having control of the lands a request that the necessary property interests therein be conveyed to the public agency sponsoring the project in question or owning or controlling the airport. The property interest may consist of the title to, or any other interest in, land or any easement through or other interest in airspace.

(b) **MAKING OF CONVEYANCES.**—Upon receipt of a request from the Secretary under this section, the head of the department or agency having control of the lands in question shall determine whether the requested conveyance is inconsistent with the needs of the department or agency, and shall notify the Secretary of the determination within a period of four months after receipt of the Secretary's request. If the department or agency head determines that the requested conveyance is not inconsistent with the needs of that department or agency, the department or agency head is hereby authorized and directed, with the approval of the Attorney General of the United States, and without any expense to the United States, to perform any acts and to execute any instruments necessary to make the conveyance requested. A conveyance may be made only on the condition that, at the option of the Secretary, the property interest conveyed shall revert to the United States in the event that the lands in question are not developed for airport purposes or used

in a manner consistent with the terms of the conveyance. If only a part of the property interest conveyed is not developed for airport purposes, or used in a manner consistent with the terms of the conveyance, only that particular part shall, at the option of the Secretary, revert to the United States.

(c) **EXEMPTION OF CERTAIN LANDS.**—Unless otherwise specifically provided by law, the provisions of subsections (a) and (b) of this section shall not apply with respect to lands owned or controlled by the United States within any national park, national monument, national recreation area, or similar area under the administration of the National Park Service; within any unit of the National Wildlife Refuge System or similar area under the jurisdiction of the United States Fish and Wildlife Service; or within any national forest or Indian reservation.

**SEC. 517. FALSE STATEMENTS.**

49 USC 2216.

Any officer, agent, or employee of the United States, or any officer, agent, or employee of any public agency, or any person, association, firm, or corporation who, with intent to defraud the United States—

(1) knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the costs thereof, in connection with the submission of plans, maps, specifications, contracts, or estimates of project costs for any project submitted to the Secretary for approval under this title;

(2) knowingly makes any false statement, false representation, or false report or claim for work or materials for any project approved by the Secretary under this title; or

(3) knowingly makes any false statement or false representation in any report or certification required to be made under this title;

shall, upon conviction thereof, be punished by imprisonment for not to exceed five years or by a fine of not to exceed \$10,000, or by both.

**SEC. 518. ACCESS TO RECORDS.**

49 USC 2217.

(a) **RECORDKEEPING REQUIREMENTS.**—Each recipient of a grant under this title shall keep such records as the Secretary may prescribe, including records which fully disclose the amount and the disposition by the recipient of the proceeds of the grant, the total cost of the plan or program in connection with which the grant is given or used, and the amount and nature of that portion of the cost of the plan or program supplied by other sources, and such other records as will facilitate an effective audit. The Secretary shall annually review the reporting and recordkeeping requirements under this title to insure that such requirements are kept to the minimum level necessary for the proper administration of this title.

Review.

(b) **AUDIT AND EXAMINATION.**—The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to grants received under this title. The Secretary may require, as a condition to receipt of a grant under this title, that an appropriate audit be conducted by a recipient.

(c) **AUDIT REPORTS.**—In any case in which an independent audit is made of the accounts of a recipient of a grant under this title
